CAMPUS NOTES

AUTUMNAL ACTIVITY . . .

Regis students, representing the Colleges largest enrollment on record, last month assumed their collegiate roles.

As Fall and a new school year arrived on campus, there were a variety of activities marking the opening of Regis' 74th academic year.

"Class of '65 Days" ushered freshmen into the new world of college life. Placement tests, orientation sessions and registration, along with several events on the social side, were initial hurdles for the new arrivals.

For all, the Fall Convocation added the important spiritual and intellectual aspects.

Returning students were busy scheduling meetings, staging class elections and acquainting new Regions with various other campus activities.

Fall, school, students, activities . . . all were blending into a combination that promised another successful year at Regis College.

REGIS SELECTED

Regis College has been selected as one of nine accredited liberal arts colleges in the United States for inclusion in a case book study by the U. S. Department of Education.

The descriptive study will cover commendable internal administrative practices in outstanding private and church-related colleges. Policy development in the academic field, and its administration will be other central figures of the study.

During the course of the study, Regis College will submit a case history of its policies and practices in academic administration. In addition, a team of U. S. Office of Education staff members will visit the campus this fall.

The results of the studies will be published in a book to be issued by the Department of Health, Education and Welfare, and distributed to college and university presidents, deans and other academic administrators throughout the United States.

Other colleges to be included in the study are: College of New Rochelle, New York; Dillard University, New Orleans, Louisiana; Juniata College, Huntingdon, Pennsylvania; Knox College, Galesburg, Illinois; Randolph-Macon Woman's College, Lynchburg, Virginia; Southwestern at Memphis, Tennessee; Whitman College, Walla Walla, Washington; William Jewell College, Liberty, Missouri.

REGIS COLLEGE ENROLLMENT 1951-1961

REGIS ENROLLMENT SETS NEW RECORD HIGHS

Graphs, figures, and other statistical data in most cases tell the story. And at Regis College this fall the story they tell is that enrollment has again reached record heights.

New highs were reached in both the day and evening divisions, and consequently in the total enrollment figure.

Based on first semester figures:

- Total enrollment (day and evening divisions) reached 1,136, a 11.3 per cent gain over the previous high of 1,021, noted in 1960, and a 104 per cent increase over the 1951 figure of 555.

- Day enrollment for 1961 is 846, a 8.32 per cent gain over last year's previous record of 781, and a 148 per cent hike over 1951 when 348 students were registered in the day division.

- Evening division enrollment has a new high of 290, a 20.8 per cent increase over the 1960 figure of 240, a 10.2 percent increase over the previous high of 263 set in 1958, and a 40.1 per cent hike over the 207 figure of 1951.

The largest single increase — 48.5 per cent — was reached in the sophomore ranks, with 254 registered this year, as against 171 last fall.

The junior class enrollment was up 2.7 per cent, the senior class figure up 19.3 per cent. From last year's record high of 339 first year students, the freshman class dipped to 288 this fall, a 15 per cent drop.

Regis students represent 33 states and three foreign countries. Denver, its suburbs and Colorado account for 454 students, slightly over half of the day enrollment.

Illinois, Wisconsin and Nebraska are the leaders, respectively, in attendance from out-state.

Observations From Limb's End...

Friends of Regis College Athletic Director and Head Basketball Coach Joe Hall are somewhat concerned about his apparent case of "optimism-itis."

While most members of the coaching brethren are prone to drag out the crying towel in any situation — and Coach Hall has been a leader of the pack — he's now reeking with optimism.

With 10 returning lettermen standing bright on the horizon, Coach Hall tabs the outlook the best it's been since he's been at Regis.

Basing his opinion on his prime asset of experienced personnel Coach Hall predicts his Rangers will better last year's 10-10 record and "we'll be pointing for a NCAA university division tourney berth."

Them's strong words and it remains to be seen what fruit the veterans will bring to bear; whether the Kaintuckian will be a Prince or a Pauper.

Returning are five seniors, four of whom saw varsity action as freshmen and have been regulars since; four juniors, three of whom have been starters since their frosh year; and a sophomore letterman. Senior squad members include team captain and forward Jerry Sherman, 6'3"; guards Dick Hoogerwerf, 6'1", Gary DeMarlie, 5'9" and Paul Frey, 5'11"; William Kelly, 6'5", center-forward.

Juniors are Louis Stout, forward, 6'3" and the team's leading scorer and rebounder last season: Jim Jones, center, 6'6"; Dean Sullivan, guard, 6'2"; and Ben Wesley, 6'4" forward. Bill Whalen, guard, 5'10", is the soph veteran.

Promising newcomers on the Ranger basketball scene include Ken Owill, junior, forward, 6'4", transfer from Napa, California, Junior College; freshmen Dennis Crane, 6'3" guard and Mike Giordano, 6'4" forward.

Practice sessions for the coming season opened October 15.

A 23-game schedule, spiced by road games against nationally ranked Detroit and Dayton, has been set for the Rangers. The addition of two top AAU clubs makes the upcoming card a more formidable one. The Rangers meet the Denver Truckers and the Phillips Oilers.

In addition to the two AAU clubs, there are eight other new opponents on the 1961-62 card.

The son of NMS Basketball Coach Presley Askew, Sr., the new Regis staffer was frosh basketball mentor and physical education instructor at Idaho State College the past two years.

NEW BOOK BY FR. BOYLE

The Rev. Robert R. Boyle, S.J., head of the Regis College English department, is the author of a book, "Metaphor in Hopkins" recently released by the University of North Carolina Press.

A sympathetic study and critical evaluation of the work of priest-poet Gerard Manley Hopkins, the book yields new insights into Hopkins' use of subtle, intricate metaphors as a basic poetic device.

As an English scholar and a Jesuit, Father Boyle intensively examines the nature and function of eight central images used by his fellow Jesuit in his mature poems.
