

CALENDAR FOR THE YEAR 1928-1929

FALL SEMESTER

1928

Sept. 13	Thursday	Registration.
Sept. 14	Friday	Registration.
Sept. 15	Saturday	Registration.
Sept. 17	Monday	Classes begin at 9 A. M.
Sept. 24	Monday	Reorganization of Societies.
Sept. 28	Friday	Mass of the Holy Ghost. Assembly.
Oct. 1	Monday	Conditioned Examinations.
Nov. 1	Thursday	Feast of All Saints.
Nov. 12	Monday	Solemn Requiem Mass for Deceased
	-	Faculty, Alumni, and Friends.
Nov. 29	Thursday	Thanksgiving Day.
Nov. 30	Friday	President's Day.
Dec. 2	Sunday	Bishop Tihen Contest. Stanko Contest.
Dec. 8	Saturday	Feast of the Immaculate Conception.
Dec. 19	Wednesday	Christmas Recess begins at 3:00 P. M.
		1929

Jan.	4	Friday	Classes resume at 9:00 A. M.
Jan.	11	Friday	Subjects of Prize Essays announced.
Jan.	17	Thursday	Mid-Year Examinations begin.
Jan.	23	Wednesday	Annual Three-Day Retreat begins.
Jan.	31	Thursday	Assembly. Registration.

3

SPRING SEMESTER

Feb. 1	Friday	Spring Semester begins.
Feb. 4	Monday	Subjects of Theses assigned.
Feb. 22	Friday	Washington's Birthday.
Feb. 23	Saturday	Conditioned Examinations.
Feb. 26	Tuesday	Monaghan Contest.
Mar. 4	Monday	Sullivan Contest.
Mar. 10	Sunday	Knights of Columbus Contest.
Mar. 27	Wednesday	Easter Recess begins at 3:00 P. M.
April 2	Tuesday	Classes resume at 9:00 A. M.
April 15	Monday	Presentation of theses for degrees.
May 3	Friday	Campion Contest.
May 9	Thursday	Ascension Day.
May 14	Tuesday	O'Dwyer Contest and Crean Contest.
May 30	Thursday	Memorial Day.
May 31	Friday	Final Examinations begin.
June 10	Monday	Commencement Day.

CALENDAR FOR THE YEAR 1929-1930

FALL SEMESTER

1929

Sept. 12	Thursday	Registration.
Sept. 13	Friday	Registration.
Sept. 14	Saturday	Registration.
Sept. 16	Monday	Classes begin at 9:00 A. M.
Sept. 23	Monday	Mass of the Holy Ghost. Assembly.
Sept. 24	Tuesday	Reorganization of Societies.
Oct. 1	Tuesday	Conditioned Examinations.
Nov. 1	Friday	Feast of All Saints.
Nov. 12	Tuesday	Solemn Requiem Mass for Deceased
		Faculty, Alumni, and Friends.
Nov. 28	Thursday	Thanksgiving Day.
Nov. 29	Friday	President's Day.
Dec. 1	Sunday	Bishop Tihen Contest. Stanko Contest,
Dec. 8	Sunday	Feast of the Immaculate Conception.
Dec. 19	Thursday	Christmas Recess begins at 3:00 P. M.
		1930

Jan.	6	Monday	Classes resume at 9:00 A. M.
Jan.	10	Friday	Subjects of Prize Essays announced.
Jan.	16	Thursday	Mid-Year Examinations begin.
Jan.	22	Wednesday	Annual Three-Day Retreat begins.
Jan.	31	Friday	Assembly. Registration.

Corporate Title:

REGIS COLLEGE Denver, Colorado.

A Standard College,

Recognized by the Catholic Educational Association, Affiliated to the State University, Junior College member of The North Central Association of Colleges and Secondary Schools.

Location:

Regis College is located in the City of Denver on two main automobile arteries and served by the Rocky Mountain Lake street car, No. 37.

Communications:

All communications by mail or telegraph should be addressed—

-

Regis College West 50th Ave. and Lowell Blvd. Denver, Colorado.

BOARD OF MANAGERS

REV.	ALOYSIUS A. BREEN, S.J	President
REV.	JOSEPH A. RYAN, S.J	Vice-President
REV.	JOSEPH P. MENTAG, S.J	Secretary
REV.	FRANCIS X. HOEFKENS, S.J	Treasurer
REV.	JOHN J. DRISCOLL, S.J	

OFFICERS OF ADMINISTRATION

REV. ALOYSIUS A. BREEN, S.JPresident
REV. JOSEPH A. RYAN, S.JDean
REV. FRANCIS X. HOEFKENS, S.JTreasurer
REV. JOHN J. DRISCOLL, S.JSupt. of Buildings and Grounds
REV. WILLIAM J. O'SHAUGHNESSY, S.JDean of Men
REV. EMMANUEL T. SANDOVAL, S.JLibrarian
REV. BASIL SUPERSAXO, S.JAssistant Librarian
REV. ARMAND W. FORSTALL, S.JDirector of Seismic Observatory
REV. FRANCIS X. TOMMASINI, S.JHistorian
C. HOWARD MORRISON, S.JAssistant Dean
ALBERT H. HOENEMEYER, S.JAssistant in Discipline
MARY R. RYANSecretary
REV. FRANCIS D. STEPHENSON, S.JDirector of Dramatics
REV. ANDREW S. DIMICHINO, S.JDirector of Music
C. HOWARD MORRISON, S.JDirector of Publicity
EVERETT S. BAILEY
MARTIN D. CURRIGAN, M.D. FREDERIC J. PRINZING, M.D. JOSEPH J. REILLY, M.D. LOUIS E. MADDEN, M.D.
CLAUDE E. COOPER, M.D. D. G. MONAGHAN, M.D. J. J. O'NEIL, D.D.S. DR. A. J. HART

FACULTY

Arranged with the exception of the President in order of appointment.

BREEN, ALOYSIUS ANDREW, S.J. PRESIDENT.

St. Stanislaus Seminary, Florissant, Missouri, 1890-1892; St. Louis University, 1892-1897, A.B. 1896, A.M. 1897, 1900-1904; St. Stanislaus Seminary, Florissant, Missouri, 1904-1905. Latin and Greek: St. Mary's College, St. Marys, Kansas, 1897-1901. President, St. Mary's College, St. Marys, Kansas, 1907-1914; President, Rockhurst College, Kansas City, Missouri, 1914-1919; Managing Editor, Queen's Work, 1919-1926. President: Regis College, 1926-

FORSTALL, ARMAND WILLIAM, S.J.

PROFESSOR OF PHYSICS AND ENGINEERING DRAWING.

JFESSOR OF FHYSICS AND ENGINEERING DRAWING. Amiens (Somme) France, 1872-1878, A.B. 1878, University of Douai (North) France, 1877; St. Stanislaus College, Paris, 1878-1879; Tron-chiennes Seminary, Tronchiennes, Belgium, 1880-1882; Jesuit Semi-nary, Louvain, Belgium, 1882-1885; Woodstock College, Woodstock, Maryland, 1890-1894, A.M. 1891; Angers Seminary, Angers, (Maine et Loire) France, 1894-1895. Mathematics: College of the Sacred Heart, Morrison, Colorado, 1885-1886; Physics, Chemistry, Mathematics: Las Vegas, New Mexico, 1886-1883; Regis College, Denver, 1888-1890; 1896-1899. Instructor in Physics: Georgetown University, 1895-1896; Holy Cross College, Worcester, Massachusetts, 1899-1900; Georgetown University, 1900-1902; Professor of Chemistry: Woodstock College, Woodstock, Mary-land, 1902-1904.

Professor of Mathematics: Regis College, 1904-1925; Professor of Physics and Chemistry: Regis College, 1904-1923. Professor of Physics and Engineering Drawing: Regis College, 1904-

MARTIN, WILLIAM EDWARD, S.J.

PROFESSOR OF PSYCHOLOGY AND ETHICS.

DFESSOR OF PSYCHOLOGY AND ETHICS. St. Mary's College, St. Marys, Kansas, 1889-1892; St. Stanislaus Seminary, Florissant, Missouri, 1893-1895; St. Louis University, 1895-1900, A.B. 1899, A.M. 1900, 1904-1908; St. Stanislaus Seminary, Cleveland, Ohio, 1908-1909. English and Classics: St. Xavier High School, Cincinnati, Ohio, 1900-1901. Mathematics: St. Mary's (College) High School, St. Marys, Kansas, 1901-1902. English, Classics and History: Marquette Academy, Milwaukee, Wisconsin, 1902-1904, 1909-1911; Loyola Hall, St. Louis, Missouri, 1911-1912; St. Ignatius High School, Chicago, Illinois, 1912-1915; St. Xavier High School, Cincinnati, Ohio, 1915-1919. Instructor in Philosophy, Sociology (History): Rockhurst College, Kansas City, Missouri, 1919-1923; Assistant Professor of Philosophy: Regis College, 1923-1926. Dean, Rockhurst College, Kansas City, Missouri, 1922-1923. Professor of Psychology and Ethics: Regis College, 1926-

SANDOVAL, EMMANUEL THOMAS, S.J.

ASSISTANT PROFESSOR OF SPANISH.

St. Louis University, 1900-1901; St. Stanislaus Seminary, Florissant, Missouri, 1901-1903; St. Louis University, 1903-1908, A.B. 1907, A.M. 1908; University of Innsbruck, Innsbruck, Tyrol, Austria, 1913-1917; St. Stanislaus Seminary, Cleveland, Ohio, 1921-1922. Romance Languages: St. John's College, Belize, British Honduras, 1908-1913. Instructor in Spanish: Regis College, 1924-1927. Research work in Romance Languages, 1917-1921: Switzerland and Republic of Columbia. Assistant Professor of Spanish: Regis College, 1927-

BAILEY, EVERETT STERLING, A.B.

INSTRUCTOR IN ECONOMICS.

University of Arizona, 1921-1924; University of Southern California, 1922; University of Colorado, Boulder, Colorado, 1924-1925, A.B. 1925; Bachelor's Diploma in Commerce, 1925. Instructor in Economics: Regis College, 1926-

BILGERY, CONRAD, S.J.

PROFESSOR OF MATHEMATICS.

St. Stanislaus Seminary, Tisis, Vorarlberg, Austria, 1898-1900; Jesuit Seminary, Exaten, Holland, 1900-1902; Campion College, Prairie du Chien, Wisconsin, 1902-1905, A.B. 1905; St. Louis University, 1910-1914, A.M. 1912; St. Stanislaus Seminary, Cleveland, Ohio, 1914-1915. Mathematics: John Carroll University, Cleveland, Ohio, 1905-1909, 1920-1924; St. John's College, Toledo, Ohio, 1909-1910. Superintendent, Creighton University, Omaha, Nebraska, 1915-1920. On leave of absence for research work, 1924-1926. Professor of Mathematics: Regis College, 1926-

HOENEMEYER. ALBERT HENRY, S.I.

INSTRUCTOR IN CHEMISTRY.

St. Xavier College, Cincinnati, Ohio, 1919-1920; St. Stanislaus Semi-nary, Florissant, Missouri, 1920-1922; St. Louis University, 1922-1926, A.B. 1925, A.M. 1926. Instructor in Chemistry: Regis Coilege, 1926-

RYAN, JOSEPH ANTHONY, S.J.

DEAN.

INSTRUCTOR, IN EDUCATION.

Regis College, Denver, Colorado, 1907-1909; St. Stanislaus Seminary, Florissant, Missouri, 1909-1911; St. Louis University, 1911-1916, A.B. 1915, A.M. 1917, 1921-1925; St. Stanislaus Seminary, Cleveland, Ohio, 1925-1926.

Latin, English: Regis High School, 1916-1921. Dean: Regis College, 1926-Instructor in Education: Regis College, 1927-

STEPHENSON, FRANCIS DUDLEY, S.J.

PROFESSOR OF ENGLISH AND PUBLIC SPEAKING.

DFESSOR OF ENGLISH AND PUBLIC SPEAKING.
Regis College, 1898-1902; St. Stanislaus Seminary, Florissant, Missouri, 1902-1903; St. Louis University, 1903-1908, A.B. 1907, A.M. 1908, 1913-1917; St. Stanislaus Seminary, Cleveland, Ohio, 1917-1918.
English, History, Latin: Regis High School, 1908-1910; Instructor English, History, Latin: Regis College, 1910-1913; Professor English, History, Rockhurst College, Kansas City, Missouri, 1922-1926; Professor English: Marquette University Summer School, Milwaukee, Wisconsin, 1917-1923; Professor English, Public Speaking: Loyola University Summer School, 1924-1927.
Professor of English and Public Speaking: Regis College, 1926-

THOMPSON, WILLIAM JOSEPH, B.C.S., C.P.A. LECTURER ON ADVANCED ACCOUNTING.

YOUNG, THOMAS RAYMOND, B.C.S., C.P.A. LECTURER ON AUDITING.

CROBAUGH, ALVA BERNARD, A.B., A.M. INSTRUCTOR IN ECONOMICS. Stanford University, Stanford, California, 1921-1926, A.B. 1925, A.M. 1926.

Instructor in Economics: Regis College, 1927-

DIMICHINO, ANDREW STANISLAUS, S.J. PROFESSOR OF LATIN.

Villa Melecrinis Seminary, Naples, Italy, 1908-1910; St. Andrews-on-Hudson Normal, Poughkeepsie, New York, 1910-1912; Woodstock College, Woodstock, Maryland, 1912-1915, A.B. 1914; St. Louis University, St. Louis, Missouri, 1920-1924, A.M. 1921; St. Stanislaus Seminary, Cleveland, Ohio, 1924-1925. Latin and Spanish: Regis College, 1915-1920; Spanish and Music: St. Louis University, St. Louis, Missouri, 1925-1927. Professor of Latin: Regis College, 1927-

O'SHAUGHNESSY, WILLIAM JOSEPH, S.J. DEAN OF MEN. INSTRUCTOR IN LOGIC AND METAPHYSICS.

Campion College, Prairie du Chien, Wisconsin, 1905-1909; St. Stanis-laus Seminary, Florissant, Missouri, 1909-1911; St. Louis University, 1911-1916, A.B. 1915, A.M. 1916, 1919-1923; St. Stanislaus Seminary, Florissant, Missouri, 1924-1925. Latin and English: St. Louis University High School, 1916-1919; Dean of Discipline, St. Mary's College, St. Marys, Kansas, 1923-1924; Greek and Latin: St. Stanislaus Seminary, Florissant, Missouri, 1925-1927.

1925-1927

Dean of Men: Regis College, 1927-

Instructor in Logic and Metaphysics: Regis College, 1927-

MULLEN, EDMUND LOUIS, A.B., LL.B. LECTURER ON BUSINESS LAW.

MORRISON, CHARLES HOWARD, S.J.

INSTRUCTOR IN HISTORY.

St. Stanislaus Seminary, Florissant, Missouri, 1921-1923; St. Louis University, 1923-1928, A.B. 1927, A.M. 1928; Fordham University, 1927.

Instructor in History: Regis College, 1928-

McCOURT, THOMAS ANTHONY, S.J.

PROFESSOR OF ROMANCE LANGUAGES.

St. Ignatius College, Chicago, Illinois, 1893-1897; St. Stanislaus Semi-nary, Florissant, Missouri, 1897-1899; St. Louis University, 1899-1904, A.B. 1903, A.M. 1904; Ore Place, Hastings, England, 1909-1913; Uni-versite de Saint Joseph, Beyrouth, Syria, 1913-1914; Manresa, Spain, 1915; Instituto Biblico Pontificio, Rome, Italy, 1914, 1916-1917. Instructor Higher Mathematics, Chemistry: St. Mary's College, St. Marys, Kansas, 1904-1907, Marquette University, 1907-1909; Pro-fessor Oriental and Romance Languages: St. Louis University, 1917-1029 1928.

Professor of Romance Languages: Regis College, 1928-

BEUCHAT, LEE JOSEPH, B.S., M.D.

PROFESSOR OF BIOLOGY.

St. Louis University, 1917-1923, B.S. 1922, M.D. 1923. St. John's Hospital, St. Louis, Missouri, Intern, 1923. Missouri Pacific Hospital, St. Louis, Missouri: House Surgeon, 1924; Visiting Surgeon, 1924-1927; on leave, 1927. Professor of Biology: Regis College, 1928-

STRADER, NORMAN SUPERVISOR OF ATHLETICS. COACH OF FOOTBALL AND BASEBALL.

ILLIA, JOHN ASSISTANT COACH OF FOOTBALL.

FACULTY

- CARBERRY, JOSEPH COACH OF BASKETBALL.
- MANTEY, LAWRENCE STUDENT ASSISTANT IN CHEMISTRY.
- O'LEARY, JAMES STUDENT ASSISTANT IN CHEMISTRY.
- STANKO, JOHN STUDENT ASSISTANT IN PHYSICS.
- WELCH, WILLIAM STUDENT ASSISTANT IN PHYSICS.
- SEMERAD, FRANK STUDENT ASSISTANT IN CHEMISTRY.

HISTORICAL SKETCH

1888. The foundations of Regis College were laid as far back as the pioneer days of 1877, when the Fathers of the Society of Jesus opened the College of the Sacred Heart in Las Vegas. New Mexico. About that time Colorado was beginning to give promise of the amazing development which is so much in evidence today. Alive to the big possibilities and to the proportionate need of better educational facilities, the Jesuit Fathers at the invitation of Bishop J. P. Machebeuf of Denver founded a second school for the education of young men at Morrison, Colorado, in 1884. Beautiful as was the location of the Morrison College, it soon became evident that Denver was to become the metropolis of the Rocky Mountain region, and accordingly the colleges at Las Vegas and Morrison were merged into a third institution during September, 1888. This third college was located on a tract of land near the northwestern limits of the City of Denver and for thirty-five years under the name of the College of the Sacred Heart it was well known as one of the flourishing educational institutions of the West. The first President of the College of the Sacred Heart was the Reverend Salvator Persone.

1893. The College was incorporated on November 27th, 1893. Article 1 of the Constitution reads: "The name of this Corporation is the College of the Sacred Heart, Denver, Colorado. Its object is to encourage learning, to extend the means of education, and to give permanency and usefulness to the said Institution."

1899. The College is authorized to confer degrees by Section 1 of an Act of March 28th, 1889 (Session Laws of 1889, p. 121), which states that: "Any corporation, now or hereafter existing for educational purposes, under the laws of this State, which shall maintain one or more institutions of learning of the grade of a university or college, shall have authority by its directors or board of trustees or by such person or persons as may be designated by its constitution or by-laws, to confer such degrees and grant such diplomas and other marks of distinction as are usually conferred and granted by other universities and colleges of like grade."

1921. On April 19th, 1921, the following amendment to the Articles of Incorporation was adopted:

At a meeting of the Board of Trustees of the College of the Sacred Heart, Denver, Colorado, a corporation organized and existing under and by virtue of the laws of the State of Colorado, duly called and held for that purpose,—

On motion it was resolved that Article 1 of the Articles of Incorporation of said College of the Sacred Heart, Denver, Colorado, be amended so as to change the name of said corporation from "College of the Sacred Heart, Denver, Colorado," to "REGIS COLLEGE."

SYSTEM OF EDUCATION

The educational system in use throughout the College is not an experiment, but an organized system, definite in its principles and in its purpose, resting upon a long and wide experience. Substantially it is the same as that employed in the two hundred and twenty-seven colleges and universities conducted by the Society of Jesus in nearly all parts of the world.

Psychological in its methods and based upon the very nature of man's mental process, it secures that stability which is so essential to educational thoroughness, while at the same time it is reasonably elastic, so as to make liberal allowance for the widely varying circumstances of time and place.

In the intellectual training of its students the College aims at laying a solid foundation in the elements of knowledge, and at opening the mind to a generous share in the culture of life. Holding as a fundamental tenet that different studies have distinct educational values, so that specific training afforded by one cannot be fully supplied by another, the studies are chosen, prescribed and recommended each for its peculiar educational value and for its place in a complete and nicely adjusted system.

In its moral training, the College directs its efforts toward building the conscience of its students for the right fulfillment of their civil and religious duties. The avowed purpose of its training is to lay a solid foundation in the whole mind and character of the student, amply sufficient for any superstructure of science and arts and letters, fully adequate, too, for the upbuilding of that moral life, civil and religious, which must ever be rated the highest and truest honor of worthy manhood.

Knowledge and intellectual development of themselves have no moral efficacy whatever; science, as such, has never made even one true man; the best chemist or engineer, the most eminent astronomer or biologist, may be infinitely far from being a good man. Religion alone can purify the heart and guide and strengthen the will. Religion alone can furnish the solid basis upon which high ideals of business integrity and of moral cleanliness will be built up and conserved. Religious truth, then, must be the very atmosphere that the student breathes; Christianity must suffuse with its light all that he reads, illuminating what is noble and exposing what is base, giving to the true and to the false their relative light and shade; the divine truths and principles of consistent Christianity must needs be the vital force animating the whole organic structure of education. Accordingly, the study of religion is prescribed for all Catholic students. The reception of the Sacraments every month is set before them as the minimum. Non-Catholic students are admitted to the courses, but no effort is made to obtrude Catholic doctrines on them.

Although the physical well-being and training of the students is only of secondary importance in educational systems, inasmuch as it must be subordinated to mental and moral development, the College authorities have never overlooked its relative place and value.

COURSES OF INSTRUCTION

The College offers curricula leading to:

The Degree of Bachelor of Arts,

The Degree of Bachelor of Science,

The Degree of Bachelor of Science in Commerce,

The Degree of Bachelor of Philosophy.

Teacher-Training courses are offered to candidates for degrees.

Besides these four-year curricula, leading to baccalaureate degrees, the College offers the following minimum pre-professional courses:

> Pre-Dentistry, Pre-Engineering, Pre-Law, Pre-Medicine.

In these minimum pre-professional courses, extending over one or two years, the study of philosophy, so important in these days of confused thought and loose morals, is especially stressed, that students entering upon professional studies may have wellreasoned convictions on fundamental moral and intellectual truths.

PUBLIC LECTURES

A series of semi-monthly evening lectures scheduled throughout the school-year affords the students and general public an opportunity to hear speakers of authority and distinction.

LOCATION IN DENVER

Regis College is situated in the northwestern section of Denver, the College campus forming a part of the northern city limits. The campus is located between Lowell and Federal Boulevards on the west and east, and between 50th and 52nd Avenues on the south and north, comprising more than eighteen city blocks. The general level of the campus is higher than the surrounding property and thus commands a view of the fertile Clear Creek valley and the majestic range of mountains which encircle Denver on the west and give it distinction as the city of mountain and plain. The climate of Colorado is justly famous. Each year, students attend Regis who were unable to carry on their school work elsewhere on account of ill health; but who here successfully carry their studies while making a permanent gain in health.

BUILDINGS

BUILDINGS

At present all of the buildings are located on the old campus of fifty-five acres. The new campus consisting of forty acres has recently been opened from Federal Boulevard by means of a curved driveway known as "Pantanella Drive." Trees and shrubs have been planted along the driveway gradually following out the plans drawn by a firm of Denver landscape architects.

The Administration Building is a large four story structure built of Castle Rock stone, with an imposing frontage of 300 feet and a depth of 60 feet. It was completed in the fall of 1888. In it are located the administration offices and also the lecture rooms and laboratories for physics, chemistry, biology, and seismology.

Lowell Hall is a large private residence bought by the College in 1891 and since used for housing students.

The Gymnasium built in the year 1912, 90 feet by 60 feet, gives ample room for indoor athletics. This building also serves temporarily as an auditorium and is equipped with a moving picture machine as well as a large portable stage.

The Regis College Stadium was erected in 1924. Besides football and baseball fields, when completed, it will have a quarter of a mile running track, a hundred yard straightaway and other facilities for track work.

Carroll Hall, named after Archbishop John Carroll, the first Catholic Bishop of the United States, is the handsome new college residence hall. It is built of brick and terra cotta in the Collegiate Gothic type of architecture which has been chosen for all future buildings. Eighty-two single, well-ventilated, steam heated, electric lighted rooms are available for college students. Each room is furnished with bed and bedding, a study table and bookrack, chair, built-in closet, hot and cold water. Each floor has a lounging room, outside porch, and shower baths.

LIBRARY

Ample library facilities are provided the students by the College Library, which contains more than 27,000 volumes, including all the standard reference works, and especially excellent departments of philosophy, history, biography, and literature. Nearly one hundred current magazines are kept on file.

During the past few years a special arrangement has been made with the Denver Public Library whereby books required for reference or collateral reading but not included in the college collection may be drawn from the Public Library for an indefinite period. Over 3,500 have been obtained annually in this way under the supervision of the Librarian.

Among the treasures of the library may be mentioned a complete set of the Bollandist's "Acta Sanctorum" in sixty volumes; early editions of the works of Bossuet, Bourdaloue and Masillon. dating back to first decades of the 18th century; The Annals of Henri Spondius, 1609; Works of Plutarch, Paris, 1621; a curious Uvolpium edition of Demosthenes and Aeschinis, 1607; a Roman Missal, Antwerp edition, 1605; Flores Historiarum, Paris, 1601; Annales Ecclesiastici by Card. Cesare Borronius in 12 volumes, the first volumes published in 1593; and a Roman Missal, Salamanca edition, 1587.

LABORATORIES AND APPARATUS

BIOLOGICAL LABORATORY

The Biological Laboratory is located on the second floor of the Administration Building. Each student is furnished with a microscope. There is an abundant supply of glassware, eye pieces, dissecting microscopes, and microtomes. A number of charts and models are available, as well as museum material, for illustration. The laboratory is standard in all its equipment.

CHEMICAL LABORATORY

The Chemistry Department is located in the Administration Building, and occupies three rooms. The lecture room has a capacity of sixty chairs. The lecture table is provided with all the requisites for demonstration. The general chemistry laboratory, situated on the ground floor, has a total capacity of one hundred forty-four students, working in shifts of thirty-six.

All laboratory work is supplemented by a carefully stocked and well-managed stock-room. The technician is in attendance during all laboratory periods and much of the time outside of the prescribed hours, to enable students to have the benefit of the stock-room during extra laboratory practice.

LABORATORY OF CHEMISTRY

The Assaying Department was started in 1888 at the foundation of the institution. Quite a few young men wished to fit themselves for the duties of assayers or chemists in the various mining enterprises of our state, at that time flourishing. This modest department was started as an experiment to help these young men.

It consists now of:

(1) A collection of chemical substances, 1,500 in number.

(2) A mineral collection principally from Colorado and representing the mineral wealth of this and adjacent states. The rare minerals which made our state famous were given very early attention, even in the days when they were totally ignored and mining men cared for nothing except gold and silver. This collection is now displayed in neat shelves in the museum, and contains about 2,000 specimens.

We take pleasure to acknowledge here the courtesy and generosity of the Commissioners of the State Bureau of Mines, the State Oil Inspectors, and the State Geologists, who have all these years largely contributed to our collection by advantageous exchanges or even by valuable gifts.

(3) A large collection of ores (sampled pulps) already analyzed to check the work of the students.

(4) A complete equipment of the appliances necessary to make determinations by the fire assay, gravimetric and volumetric methods.

(5) A set of six furnaces and power required to use mechanical grinders, crushers, and stirrers.

(6) A laboratory cyanide mill to treat 50 lbs. of ore.

Some of the former students have held, or yet hold, responsible positions in the following mining companies or institutions:

U. S. Mint, Denver;

Colorado Assaying and Refining Co., Denver;

Sugar Loaf Gold Mining Co., Boulder, Colorado;

Various Tungsten Mines, Nederland, Colorado;

Colorado Fuel and Iron Co., Pueblo, Colorado;

Bacchus and Johnston Mining Co., Casapalca, Peru, S. A.;

City Chemist's Laboratory, Denver;

Idaho Sugar Co., Sugar City, Idaho.

PHYSICAL LABORATORY

The Laboratories in Physics are located on the first and second floors of the Administration Building. The lecture room is equipped with a Bausch and Lomb convertible balopticon for the projection of transparent slides and the reflection of opaque objects. The apparatus for experimental demonstration purposes is very complete. The equipment is considerably more than what is required for the course, which is based on Carhart's College The following groups are included in the collection: Physics. Precision balance imported from London (Oertling); precision balance imported from Rotterdam (Becker's Sons); precision balance for heavy weights (Henry Troemner), Philadelphia; four complete surveying outfits with transits (K. E. Gurley); twenty motors and generators of different size and make from 2 K.W. down; ten electric transformers from 5 K.W. down; twenty measuring instruments (Weston); three dividing engines (W. Gærtner); interferometer (W. Gærtner); refractometer (Spencer Co.); microscopes; polariscopes; polarizing microscope; goni-ometer; spectroscopes; electrometer for determination of Radium in Radioactive products; Cooper Hewitt mercury rectifier; Sayboldt's universal viscosimeter; Browne pyrometers.

One Sextant: Keuffel and Esser Co., New York; one Sextant: Hughes and Son Co., Ltd., London; one Sextant: Heath and Co., Ltd., New Eltham, London. Each of the above reads to ten seconds and two English instruments have been corrected by the National Physical Laboratory, Teddington, England.

One surveying compass: Queen and Co., Philadelphia; one rolling planimeter: Coradi, Zurich, Switzerland; one polar planimeter: Kern and Co., Aarau, Switzerland; one Microfarad Condenser: Leeds and Northrup, Philadelphia; one electrical testing set: Decade, Queen and Gray Co., Philadelphia; one Wheatstone Bridge: Queen and Gray Co., Philadelphia; one electric testing set with Varley and Murray loop arrangements: Leeds and Northrup, Philadelphia; one precision high vacuum pump: Central Scientific Co., Chicago; one eight-day chronometer: M. F. Dent, London; two 2.5 K.W. D.C. generators: Delco Company; one 2.5 K.W. D.C. generator, one ¼ K.W. A.C. motor: Emerson Co., St. Louis, Mo.; one ¼ K. W. 220 V. triphase motor: Commonwealth Edison Electric Co., Chicago.

The 220 V. D.C. and the 220 V. A.C. are installed in the laboratory, the latter available as single phase or triphase.

The latest addition consists of a valuable polariscope: J. Fric, Prague; two Dial Wheatstone Bridges: Thompson-Levering Co., Philadelphia; two Potentiometers: Leeds and Northrup Co., Philadelphia; two very useful models for work in Engineering Drawing.

This department occupies four rooms amounting to a floor space of 2,305 square feet. The wall space occupied by the shelves is 1,100 square feet. The department has a complete equipment for engineering drawing.

SEISMIC OBSERVATORY

The Seismic Observatory was established in 1909. The instrument room is located in the Administration Building. It is extremely well protected from changes of temperature, a very important condition for the maintenance of the perfect adjustment of the instruments. The seismograph proper, which rests on a large masonry pier is entirely enclosed in a case of glass and well protected from drafts. The subsoil is the Tertiary shale and sand of the Denver basin.

The instrument is the well known horizontal Seismograph of Doctor Wiechert (80 Kgrms. Astatic pendulum), constructed by the firm of Spindler and Hoyer, Göttingen, Germany. The clock is made by the same constructor and was imported with the instrument. The time is corrected by the data received daily from the wireless stations, or directly from the Western Union.

Reports and publications are exchanged with the following stations:

U. S. Seismic Station, Washington, D. C. (Cf. Weather Bureau Bulletins);
Instituto Geologico de Mexico, Mexico, D. F.; Central Metereol. Observatory, Tokyo, Japan;
Dominion Observatory, Ottawa, Canada;
König, Metereol. Observatorium, Batavia, Java Islands;
Oxford University, England;
Hector Observatory, Wellington, N. Zealand;
Zi-Ka-Wei Seismic Station, China;
Manila Seismic Station, Manila, P. I.;
Osservatorio Ximeniano, Firenze, Italy;
Harvard University Observatory, Cambridge, Mass.;
University of California, Berkeley, Calif.;
Seismological Society, Stanford Univ., Calif.

Up to date, this station has secured about 300 blanks of prominent earthquakes all over the world. These, added to the publications of the foregoing stations, constitute a small library of much value.

The Jesuit Seismological Association, which has sixteen stations in the United States, has been lately reorganized. All the stations depend on the Central Station, located at St. Louis University, St. Louis, Missouri. They exchange reports with practically all the stations of the world engaged in seismological research. Through the courtesy of "Science Service," Washington, D. C., the stations exchange telegrams immediately after large quakes have been registered, in order to locate their epicenters as early as possible.

URGENT NEEDS OF REGIS COLLEGE

- 1. Endowment
- 2. New Buildings
- 3. Professorial Foundations
- 4. Scholarship Foundations
- 5. Medal and Prize Foundations

ENDOWMENT

Were it not that some twenty-five members of the Society of Jesus, who form the body of the Regis Faculty, receive no salary, it would be impossible for the College to carry on its work for young men.

If the College is to continue and advance its important educational work, there is present and urgent need of a large endowment.

NEW BUILDINGS

The following new buildings are needed to give the College the equipment suitable for its educational program:

A Library Building costing approximately \$100,000.00;

A Recitation Building costing approximately \$100,000.00;

A Chapel Building costing approximately \$250,000.00.

PROFESSORIAL FOUNDATIONS

In order that the various departments of instruction may rest on a secure basis and be free from too great attention to finances, "Chair Foundations" are a practical necessity. The sum of \$50,000.00 will found one of these Professorial Chairs in perpetuity. The Founder of one of the Professorial Chairs insures the continuance of instruction in that department and frees the department from its present cramping burden of expense. Regis College is seeking Chair Foundations in all its departments of instruction.

URGENT NEEDS OF REGIS COLLEGE

SCHOLARSHIP FOUNDATIONS

Each year numerous applications are received regarding deserving boys who have not sufficient means to pay the usual fees, but who are eager to obtain the advantage of a thorough Catholic education. The financial condition of the school makes it impossible to admit boys free, and positions at the College whereby a student can earn part of his school expenses are limited. Hence an appeal must be made to the numerous and generous friends of Catholic education to provide what are known as scholarships. It is hoped that a number of scholarships of the following kinds will be established soon:

- 1. Perpetual Scholarships for Boarding Students The gift of \$13,000 enables the College to take care of a boarding student in perpetuity;
- 2. Perpetual Scholarships for Day Students The gift of \$3,000 will provide for a day student during the existence of the College;
- 3. Annual Scholarships for Boarding Students The gift of \$650 will provide an annual scholarship for a boarding student;
- 4. Annual Scholarships for Day Students The gift of \$150 will provide an annual scholarship for a day student.

Any contribution, however small, to the purpose of scholarships, is acceptable. When the fractional contributions amount to the sum required, it will enable the faculty to announce other scholarships.

MEDAL AND PRIZE FOUNDATIONS

Another method of assisting both faculty and students is the foundation of medals and other prizes. The gift of \$300 will found a medal in perpetuity, and the founder's name will be perpetuated in the annual catalogs. The name of the benefactor will be annually recalled as long as the College survives.

FORM OF BEQUEST

'I give, devise, and bequeath to Regis College, a Colorado

corporation located in Denver, Colorado,.....

.....

DISCIPLINE

Since the educational system employed by the College includes as one of its prominent features the development of the moral facultics, special attention is given to the training and formation of character. For this reason a closer supervision is exercised over the students than is usual at the present day in most of the larger colleges—as close, in fact, as any dutiful parent could reasonably expect; yet the manner of doing this is such as to exclude every harsh feature.

The authorities take a paternal interest in each student; the professors live with the students, mingle with them constantly, interest themselves in their sports, encourage and direct them in their studies, and in every way assume the relation rather of friend than taskmaster. This constant, familiar, personal communication on kindly terms between professor and student is a powerful means for the formation and uplifting of character.

Consistently with the avowed purpose of the College, the enforcement of rule and discipline, while mild and considerate, is unflinchingly firm, especially where there is question of the good of the student body or of the reputation of the College. The registration of a student is deemed a recognition and acceptance on his part and on the part of his parents or guardian, of the duty of compliance with all the rules and regulations of the College.

The authorities reserve to themselves the right to suspend or dismiss any student whose conduct or influence is unwholesome, or who is not amenable to advice and direction; such a student may be removed from the College, although no formal charge be made against him.

Besides the professors and authorities of the College, to whom the student may have recourse in the difficulties which may beset him, a priest is set aside, whose one duty is to act as counselor to any and all the students in whatever concerns their welfare, but above all in what concerns their conscience and the formation of character. There are many things which arise in the life of a young man at College in which he needs the advice of one who is experienced, and is at the same time ready to give a father's interest to the student. This need is supplied by the Dean of Men.

CAMPUS RESIDENCE

Each student of Regis College must board and room on the College campus, or reside with parents, near relatives or guardian in Denver or its suburbs.

ATTENDANCE

Late Registration. A fine of \$2.00 is imposed on students presenting themselves late for registration; nor will registration be granted before payment of this fine.

Recess Absence. Students who are not present at recitations during the twenty-four hours preceding or following the Christmas or Easter recesses will be marked three absences for each recitation missed unless permission has been previously granted by the President. If such absence is not adjusted within two weeks, a grade of F will be recorded for the course.

Unexcused Absence. The maximum number of unexcused absences allowed a student in any course, without deduction of grade in any semester, is the same as the number of class exercises per week in that course. Absences from laboratory courses in excess of one-sixth of the total number for the semester will cancel the registration for the course.

For each additional absence in any subject up to one-tenth of the regular recitation periods for the semester, deductions are made from the final grade of the students as computed from the daily standing and final examinations, as follows:

One-half per cent for four-, or five-hour studies;

One per cent, for one-, two-, or three-hour studies.

For each absence in excess of one-tenth of the recitations, twice the above schedule of deduction is made.

Delayed Assignments. Written assignments not submitted on time will receive a grade of zero, unless the student has been granted an extension of time by the Dean.

Prolonged Absence. If a student is absent, either with or without excuse, from twenty per cent or more of the exercises of a given class, in any semester, he will be required to take an extra examination which will ordinarily cover the work gone over during his absence.

If a student has leave of absence for any reason, all **omitted exercises** must be made up within one week after the resumption of college duties, as appointed by the professors whose exercises were omitted, or they will be counted as failures in determining a student's grade.

(The responsibility in these cases rests with the student.)

Where Work Missed Has Not Been Made Up. Right to examination in any subject at the end of a semester will be refused (a) to those who have not been present 85 per cent of the class time, or (b) who have not handed in 85 per cent of written assignments in laboratory or other work.

Late-Coming to Class. Late-coming to class is regarded as full absence.

Teachers are to report to the Dean all students who are absent one-tenth of the recitations of a course as soon as that number shall have been reached.

THE ACADEMIC YEAR

The College year, beginning early in September and ending on Commencement Day in June, comprises at least thirty-six weeks. It is divided into two terms or semesters: the first semester begins on the day set for the opening of College in September; the second semester begins on February first.

CLASS DAYS

Classes are taught every day of the week except Saturday and Sunday.

CLASS HOURS

Classes are taught from 8:00 A. M. to 11:50 A. M., and from 1:10 P. M. to 3:00 P. M. or 4:00 P. M., depending on the schedule of studies followed by the individual student. Although Saturday is a full holiday, laboratory periods may be scheduled for Saturday morning.

VACATIONS

All Holydays of Obligation are also school holidays.

At Christmas-time there is a recess of about two weeks.

At Easter-time a short recess is granted beginning at 3:00 P. M. on Wednesday of Holy Week and ending on the following Tuesday at 9:00 A. M.

Other holidays are noted on the calendar-page of this bulletin.

Students residing at the College and who are in good standing are allowed the following off-campus permissions:---

First at the week-end;

- (a) Students whose homes are in Denver or in the immediate vicinity: from Saturday, 9:00 A. M. to Sunday, 5:30 P. M.
- (b) Students from out of Denver: from Saturday, 9:00 A. M. to midnight, and from Sunday, 9:00 A. M. to 5:30 P. M.

Second, from 3:00 P. M. to 5:00 P. M. on class days.

Third, at the discretion of the Dean.

QUALITY OF WORK

GRADES

Above Passing

Below Passing

A 93—100, Excellent B 85— 92, Good C 77— 84, Fair D 70— 76, Passed E 60—69, Conditioned F 0—59, Failed I—Incomplete* W—Withdrawn from class

These grades are not given out to the students by the professors, but are regularly issued from the office of the Dean of the College.

Examinations in all subjects are held at the close of each semester. Partial examinations and written recitations are held from time to time during the semester, with or without previous notice to the students, at the discretion of the instructor. The result of a semester examination, combined with the student's class work (each to count one-half) will determine his grade for the semester.

A condition (E) due to failure in a semester examination may be removed by a supplementary examination, upon recommendation of the department concerned, with the approval of the Dean.

A conditioned student who desires such examination must notify the department concerned one week in advance. He must also notify the Dean on or before the same day. For each subject a fee is charged, payable in advance at the Treasurer's office. Removal of conditions by examinations shall not entitle the student to a grade higher than D.

Conditions may be incurred: (a) by a failure to satisfy the requirements of any course; (b) by exclusion from an examination because of excessive classroom absences; and (c) by absence, due to any cause, on a day appointed for examination.

Conditioned students absent from the regular supplementary examinations must present an excuse satisfactory to the Dean or receive a grade of F for the course.

Any student who desires to remove an Incomplete must first obtain from the Registrar a blank form for presentation to the instructor in charge of the course. This blank, when signed, must be filed with the Registrar within one week from the time of the semester examination. A fee of \$1.00 is charged for blanks obtained after the specified time.

*A student may be reported Inme. *A student may be reported Incomplete, if some small portion of his work remains unfinished, provided his standing in the course has been of grade C or higher. To secure credit, this work must be completed within one month after the beginning of the following semester; otherwise the course will be recorded as of grade E.

REPORTS

Reports of general scholarships, examinations, and attendance are sent to parents or guardians every quarter, and special reports of individual students will be furnished at any time upon reasonable request.

THE GEORGE F. COTTRELL SCHOLARSHIP

In 1928 Mr. George F. Cottrell of Denver, Colorado, donated a scholarship which covers the full amount of tuition for one student for a year.

THE ROBERT E. O'BRIEN SCHOLARSHIP

In 1928 Mr. Robert E. O'Brien of Kansas City, Missouri, donated a scholarship which covers the full amount of tuition for one student for a year.

PRIZE AWARDS

Inter-Collegiate English Prize. A purse of \$100.00 (\$50.00 for the first prize; \$20.00 for the second; \$15.00 for the third; \$10.00 for the fourth; and \$5.00 for the fifth) is offered yearly by the late Mr. D. F. Bremner, of Chicago, for excellence in English essay writing. The purse is open to competition among the students of the Jesuit Colleges of the Mid-West:

REGIS COLLEGE	Denver, Colorado
Creighton University	Omaha, Nebraska
John Carroll University	Cleveland, Ohio
Loyola University	Chicago, Illinois
Marquette University	Milwaukee, Wisconsin
Rockhurst College	Kansas City, Missouri
St. John's College	
St. Louis University	St. Louis, Missouri
St. Mary's College	St. Marys, Kansas
St. Xavier College	Cincinnati, Ohio
University of Detroit	Detroit, Michigan

Inter-Collegiate Latin Medal. A gold medal is offered each year by Very Reverend Matthew Germing, S.J., Provincial of the Missouri Province of the Society of Jesus, for the best Latin essay from competitors of the colleges of the Missouri Province.

The Campion Physics Medal. The late John F. Campion of Denver, Colorado, founded this medal for the best essay in Physics.

The Anne R. Crean Memorial Medal for Poetry. Mrs. Blanche Crean Carolan of Pittsburgh, Pennsylvania, founded the medal in memory of her mother, Mrs. Anne R. Crean. The Chemistry Medal. This medal is offered for the best essay in Chemistry.

The Knights of Columbus Elocution Medal. The medal is donated by the Knights of Columbus, Council 539, Denver, Colorado, for excellence in elocution.

The Monaghan Medal. Daniel G. Monaghan, M.D., of Denver, Colorado, founded the medal for the best paper in Evidences of Religion.

The Monsignor David T. O'Dwyer Medal. Monsignor David T. O'Dwyer of Washington, D. C., founded this medal for the best essay on some subject connected with the Constitution of the United States of America.

The Bishop Tihen Oratorical Medal. The Right Reverend J. Henry Tihen, D.D., Bishop of Denver, donated this medal for excellence in oratorical composition and delivery.

The Sullivan English Medal. The late Mr. Dennis Sullivan of Denver, Colorado, founded the medal for the best English Essay.

The J. Richard Stanko Memorial Medal. Mr. Joseph A. Stanko of Pueblo, Colorado, donated this medal in memory of his son, for the best oration, composition and delivery considered, on Catholic Education.

The Mary J. Ryan Memorial Medal. This medal is awarded annually for the best work in the class of Accounting.

HONORS

Diplomas are graded as "rite," "cum laude," "magna cum laude," "summa cum laude," according to scholarship. "Summa cum laude" rank is fixed at A (93%-100%), "magna cum laude" at B (85%-92%), "cum laude" at C (77%-84%) and "rite" at D (70%-76%). These honors are inscribed on the diplomas of the recipients and appear in the published list of graduates in the annual catalog.

The honors awarded at the end of a year are determined by the combined results of class-work and examinations mentioned above, each counting fifty per cent. Those who maintain an average of 90% or above throughout the year merit the distinction of First Honors. An average of 85% to 90% entitles a student to Second Honors. Students who register late, or whose attendance is not satisfactory, will be ineligible for Class Honors.

EXPENSES

All remittances should be made payable to "Regis College."
Tuition for one school year\$150.00
(Tuition includes Library and Athletic fees)
Board for one school year\$375.00
(Board includes ordinary medicines)
Private room for one school year\$120.00

These are fixed charges and are payable in advance in quarterly installments as follows:

For Tuition only: \$40.00 on September 15th; \$35.00 on November 15th; \$40.00 on February 1st; \$35.00 on April 1st.

For Tuition, Board and Room: \$175.00 on September 15th; \$150.00 on November 15th; \$170.00 on February 1st; \$150.00 on April 1st.

SPECIALS

Matriculation fee (Payab	le the first year	only)\$ 5.00
Laboratory Fees:		

Biology	15.00
Chemistry	15.00
Drawing	10.00
Physics	10.00
Breakage Deposit (returnable) in Chemistry and Physics	5.00
Music: Lessons at rates charged by Professor. Use of Instruments	20.00
Late Registration fee	2.00
Conditioned Examination on the regular day assigned	1.00
Conditioned Examination on days other than those assigned	2.00
Detailed Duplication Certificate of Scholarship	1.00
Detailed Certificate of Scholarship on late application	5.00
Diploma of Graduation from College	10.00
Private Room Breakage deposit (returnable)	10.00

Rental for rooms is payable in advance and a deposit of \$10.00 is required at the time of engaging the room. The deposit is not returned in case of failure to occupy the room. This deposit is not applied to room rent, but is kept to cover any damage beyond reasonable wear which may be done to the room or its furnishings while occupied by the student. The balance is returned at the end of the year.

All books are sold on a strictly cash basis. Each student should be supplied with funds (which may be left on deposit with the Treasurer) to meet such current expenses. The average cost

EMPLOYMENT

for books amounts to about \$25.00 for the first half of the year, and to about \$15.00 for the second half. The student alone will be responsible to parents or guardians for an itemized statement of expenditures.

No student may take a semester examination, regular or conditioned, or receive any degree, diploma, or statement of credits, until his financial accounts are satisfactorily settled. No deduction on account of late arrival in either term will be made for a period of less than one month. If a student is withdrawn before the end of a quarter, no refund will be made. Should a student leave owing to a prolonged illness or be dismissed for any cause, a deduction will be allowed for the remainder of the quarter, beginning with the first of the following month. No expenditure for clothing or incidental expenses of any student will be made by the College, unless an equivalent sum is deposited with the Treasurer. Books, stationery, and toilet articles are sold by the College at current prices.

The College will not be responsible for any article of clothing or for books left behind by a student when leaving College; much less for the loss of any article while in his keeping.

EMPLOYMENT

Such employment as the College is able to offer to students is reserved to those who board at the College and who need such help to defray their regular expenses. Generally positions are given to students of the previous year by preference. Application for work should reach the College Treasurer by August 15th, the number of positions open to students being limited. Boarding students will be allowed to take employment in Denver on Saturdays.

STUDENT ASSISTANT SCHOLARSHIPS

The following partial scholarships are available to students of good conduct who maintain a class average of 85% and qualify as student assistants. Any collegian is eligible, but applications will be considered in order of seniority and previous incumbency.

- First, Department of Chemistry: Three scholarships, laboratory assistants. Value: \$170.00, \$150.00 and \$100.00 respectively.
- Second, Department of Physics: Two scholarships; laboratory assistants. Value: \$100.00 each.
- Third, The Regis Library: Five scholarships; library assistants. Value: \$125.00 each.
- Fourth, Miscellaneous Scholarship: Student Assistants to the number of six. Value: \$100.00 each.

REGISTRATION

New students must make application for admission to the Dean. A student will not be registered without official entrance records. Students entering from other colleges should first see the Chairman of the Committee on Advanced Standing.

Former students in good standing, after having paid their fees, will proceed to the Dean to arrange their schedule for the semester.

TESTIMONIALS AND CREDENTIALS

All applicants for admission to the College must present satisfactory testimonials of good moral character. A student entering from another college or institution of collegiate rank must furnish from such institution a certificate of honorable dismissal before his credentials for scholarship will be examined by the Entrance Board. Such certificates and credentials of scholarship are not to be presented by the student, but must be mailed to the Dean directly from the School or College issuing them; and they must reach the Dean, before the student will be given full registration.

ENTRANCE REQUIREMENTS

15 units from a four-year high school

12 units from a "senior" high school

Candidates for admission to freshman year must present entrance credits amounting to fifteen units representing four years of high school work, or twelve units representing three years work in a senior high school, that is, in the tenth, eleventh, and twelfth grades, respectively, as these are administered in "senior high schools."

A unit is a series of recitations or exercises in a given subject pursued continuously throughout the school year. The number of class exercises required in a week for each unit shall, in general, be five. Double periods are required for laboratory courses.

Not less than a full unit will be accepted in the first year of any language. Half-units will be accepted, but only when presented in addition to integral units in the same subject, or in half-year subjects which constitute a complete course in themselves, e. g., Solid Geometry. Any two of the biological sciences (Physiology, Botany, Zoology) may be combined into a continuous year's course equal to one unit.

Conditions. A condition or deficiency of not more than one unit will be allowed to a candidate ranking above the lowest quarter of his high school class; but no condition is allowed in the prescribed English, beginning Algebra, or Plane Geometry. The work of the Freshman year must be so arranged as to remove the condition or deficiency.

ENTRANCE REOUIREMENTS

I. PRESCRIBED ENTRANCE REQUIREMENTS FROM A FOUR-YEAR HIGH SCHOOL

For the A.B. Course

Units are required as follows: English 3, History 1, *Latin 4, Mathematics 2, Science 1, Electives 4.

For the B.S. Course

Units are required as follows: English 3, *Foreign Language 2, History 1, †Mathematics 2.5, Science 1, Electives 5.5.

For the B.S. in Commerce Course

Units are required as follows: English 3, *Foreign Language 2, History 1, Mathematics 2, Science 1, Electives 6.

For the Ph.B. Course

Units are required as follows: English 3, *Foreign Language 2, History 1, Mathematics 2, Science 1, Electives 6.

II. PRESCRIBED ENTRANCE REQUIREMENTS FROM A "SENIOR HIGH SCHOOL"

For the A.B. Course

Units are required as follows: English 2, History 1, *Latin 3, Plane Geometry 1, Science 1, Electives 4.

For the B.S. Course

Units are required as follows: English 2, *Foreign Language 2, History 1, Mathematics 1.5, Science 1, Electives 4.5.

For the B.S. in Commerce Course

Units are required as follows: English 2, *Foreign Language 2, History 1, Plane Geometry 1, Science 1, Electives 5.

For the Ph.B. Course

Units are required as follows: English 2, *Foreign Language 2, History 1, Plane Geometry 1, Science 1, Electives 5.

III. ELECTIVES

The Electives may be any subject counted towards graduation in any accredited or recognized high school, with the following restrictions: No subject may be presented for less than a half unit of credit; not more than one unit will be accepted in any vocational subject; vocal music and physical training will not be recognized as entrance units.

^{*}Students presenting the full number of acceptable units without the pre-scribed units in Latin or in modern language will be allowed to make up these

scribed units in Latin of in inductif language with be dull number of units, but requirements in college. †Candidates for the B.S. degree who present the full number of units, but lack one half unit in Mathematics, may be admitted with the obligation of supplying the half unit during the Freshman year.

METHODS OF ADMISSION

ADMISSION BY CERTIFICATE

Admission on certificate without examination is granted to students from approved secondary schools as follows:

1. Regis High School;

2. Secondary schools accredited by any recognized standardizing agency;

3. Secondary schools accredited by the University of Colorado;

4. High schools of the first grade in other states, which are so rated by the State Superintendent of Public Instruction;

5. Private schools and academies, not on any list, but approved, after investigation, by a vote of the faculty of Regis College.

Credentials which are accepted for admission become the property of the College and are kept permanently on file. All credentials should be filed with the Dean. They should be mailed at least one month before the beginning of the semester, in order to secure prompt attention. Compliance with this request will save applicants much inconvenience.

Blank forms of entrance certificates, which are to be used in every case, may be had on application to the Registrar. Certificates must be made out and signed by a recognized officer of the school and mailed by him directly to the Registrar.

No certificate will be accepted unless the holder has spent the last year of his high school course in the school issuing the certificate. A catalog of the school, if published, describing the course of study in detail, should accompany the certificate.

It is expected that the Principal will recommend not all graduates, but only those whose ability, application, and scholarship are so clearly marked that the school is willing to stand sponsor for their success at college.

The certificates should fully cover the entrance requirements of the College. Admission on school certificates is in all cases provisional. If after admission to the College, a student fails in any subject for which a school certificate was accepted, credit for that subject may be canceled.

ADMISSION BY EXAMINATION

Applicants who are not entitled to enter on certificates must take the entrance examinations in the entire number of required units. These examinations are held during the last week in June and the first week in September. The applicant may divide the examination into two parts, taking as many as possible in June and the remainder in September. An examination in which the applicant has failed in June may be taken again in September.

ADMISSION TO ADVANCED STANDING

Candidates for admission from other institutions of college rank which offer the same or equal courses of study as those at Regis College, will be granted the same standing as at the former institutions upon presenting in advance of registration:

1. A certificate of honorable dismissal;

2. An official transcript of college credits, with specifications of courses and years when taken, hours, and grades;

3. An official, certified statement of entrance credits and conditions, showing the length of each course in weeks, the number of recitations and laboratory exercises each week, the length of recitation, and the mark secured;

4. A marked copy of the catalog of the college previously attended, indicating the courses for which credit is desired.

No student will be admitted to the College as a candidate for a degree after the beginning of the first semester of the Senior year.

College credit for work done in a secondary school in excess of the requirements for admission can be given only on examination provided through the Dean's office, and on the basis of four semester hours of credit for one unit of high school work.

SPECIAL STUDENTS

Mature and earnest students who lack the required entrance units or who wish to pursue particular studies without reference to graduation, may be admitted with the permission of the Dean, to such courses of their own choice as they seem qualified to undertake.

The work thus done by special students cannot be counted later on toward a degree at Regis College unless all entrance requirements have been satisfied.

CLASSIFICATION OF STUDENTS

Those students are ranked as:

Freshmen, who have fifteen or more acceptable high school units;

Sophomores, who have at least twenty-four credit hours and have completed the prescribed courses of freshman year;

Juniors, who have fifty-six credit hours and have completed the prescribed courses of the sophomore year;

Seniors, who have ninety-two credit hours and have completed the prescribed courses of the junior year.

No student will be considered a candidate for graduation if he has any deficiency at the beginning of the second semester of the Senior year.

STUDENT ADVISERS

At present the system of class advisers is not in vogue at Regis, the duties of such office being performed in behalf of all students by the Dean, to whose counsel they have easy access. There is, moreover, rather close contact between the faculty as a whole and the student body, so that the student is never at a loss from whom to seek direction in scholastic matters.

TRANSCRIPT OF RECORDS

Students wishing transcripts of records in order to transfer from this College to another, or for other purposes, should make early and seasonable application for the same. No such statements will be made out during the busy periods of examination and registration, September 1st to 15th, January 15th to February 7th and June 7th to June 21st. When such transcripts are urgently needed at these times, they may be had, on a representation of the fact to the Dean, for the payment of \$5.00 in advance to the Treasurer. In no case will such transcripts be given to students themselves, but, in accordance with the accepted practice, transcripts will be sent to the College or University which the student plans to enter.

GRADUATION AND DEGREES

DEGREES

The following degrees are conferred:

A.B., Bachelor of Arts;

B.S., Bachelor of Science;

B.S. (Comm.), Bachelor of Science in Commerce;

Ph.B., Bachelor of Philosophy.

The degree of Bachelor of Arts is conferred if the candidate's curriculum has included two years of college Latin.

The degree of Bachelor of Science is conferred on candidates whose chief work has been in Science or Mathematics.

The degree of Bachelor of Science in Commerce is conferred on one who has followed the Commerce and Finance curriculum, wherein the student's chief attention is given, especially during junior and senior years, to courses in Business Administration.

The degree of Bachelor of Philosophy is conferred on candidates whose chief work has been in one or two of the following departments: Economics, Education, English Literature, History, Philosophy.

REQUIREMENTS FOR THE BACCALAUREATE DEGREES

The conditions for the Baccalaureate degrees are the following:

1. The satisfactory completion of the four-year course leading to the degree for which the student is a candidate;

2. A written thesis approved by the Dean of the College and presented on or before April 15th of the year in which the degree is expected to be conferred;

3. All work in order to be accepted in fulfillment of any requirement for the degree must be completed with Grade D (70-76) or over, and three-quarters of the work must be of grade C (77-84) or above;

4. A fee of ten dollars payable in advance.

REQUIREMENTS FOR GRADUATION

AMOUNT OF WORK

In order to receive a degree, a student is required to complete 128 semester hours of work, three-fourths of which must be of C grade or better.

The requirements for graduation include:

1. A certain amount of prescribed work, especially in the freshman and sophomore years;

2. A major and two minors, to be taken chiefly during the junior and senior years;

3. Free electives, which afford opportunity either for broader culture or for greater specialization as the student may choose;

4. At least the senior year in attendance at Regis College.

The semester hour is the unit or standard for computing the amount of a student's work. A semester hour is defined as one lecture, recitation or class exercise, one hour in length per week, for one semester. Two hours of laboratory work are equivalent to one recitation hour. Two hours of preparation on the part of the student are required for each hour of lecture or recitation.

Regular work for Freshmen is sixteen hours per week. For all others it may be from fifteen to eighteen hours. No candidate for a degree will be allowed to register for fewer than sixteen hours of work.

No freshman may register for more than sixteen hours without special permission of the faculty, and such registration is not allowed to any student in his first semester attendance.

In case of students of longer attendance, the Dean may grant permission to take studies up to eighteen hours a week after the standing of the student in each study of the semester is examined and found to be B (85) or over.

Students who drop a study without permission will be marked F on the Registrar's books. If a student is permitted at his own request to drop a course after attending the class for five weeks or more, he will be given a grade F, which will become a part of the permanent records just as if he had failed at the end of the course.

No credit will be granted to any student for more than forty hours in any department, including credits earned in the freshman year, except:

1. When a student is writing a thesis, he may count in addition to the forty hours, the hours of the course in which he does this thesis work;

2. In the department of English, a student may take forty hours in addition to Rhetoric 1-2.

TEACHER-TRAINING

The courses in Education offered by the College, supplementing the A.B., B.S., and Ph.B. degrees, meet the standard requirements for teaching in high schools.

DEGREE GROUP REQUIREMENTS

A candidate for a bachelor's degree must complete a major in at least one department, and a minor in each of two other departments; one of which is correlated to the major, the other, a free or unrestricted minor.

The various subjects of instruction are as follows:

Group I	Group II	Group III	Group IV
English	Economics (1)	Biology	Accounting
French	Education	Chemistry	Banking
German	History	Mathematics	Business Administration
Greek	Philosophy	Physics	Economics (2)
Latin		•	Marketing
Spanish			Salesmanship

N. B.—For the A.B. degree the Major study must be selected from Group I or Group II. For the B.S. degree the Major study must be selected from Group III. For the B.S. in Commerce degree the Major study must be selected from Group IV.

Major. Each student before the end of the sophomore year, must elect courses from some one department, to be known as his major, which must comprise eighteen to thirty semester hours.

A major may be changed only by the consent of the Dean and of the heads of the departments concerned.

Minor. A minor consists of not less than twelve hours in one department. The correlated minor must be chosen from the same group as the major; the unrestricted minor may be chosen from any one of the remaining groups.

MAJORS	CORRELATED MINORS
Accounting	Banking, Business Administration, Economics
Ŭ	(2), Marketing, Salesmanship.
Banking	Accounting, Economics (2), Marketing, Sales-
	manship.
Business	
Administration	Accounting, Economics (2), Salesmanship.
	Biology, Mathematics, Physics.
Economics (1)	Education, History, Philosophy.
Economics (2)	Accounting, Banking, Business Administration,
	Marketing, Salesmanship.
Education	Economics (1), History, Philosophy.
English	French, German, Greek, History, Latin, Spanish.
French	German, Greek, Latin, Spanish.
History	Economics (1), Education, English, Philosophy.
Latin	English, French, German, Greek, Spanish.
Marketing	Accounting, Banking, Economics (2).
Mathematics	Biology, Chemistry, Physics.
Philosophy	Economics (1), Education, History.
Salesmanship	Accounting, Banking, Business Administration,
	Economics (2).
Spanish	French, German, Greek, Latin.

DEGREE ELECTIVES; RESEARCH

ELECTIVES

Courses not taken (a) as prescribed courses and (b) not included in the student's major and minor sequences may be chosen as free electives to complete the 128 credit hours required for graduation.

In the choice of electives, each student must be guided by his prospective future work. He must ascertain, moreover, that such courses are open to his class, that he has fulfilled the prerequisites, and that there will be no conflict in the schedule of recitations or laboratory periods.

First year courses in a foreign language will not be accepted for credit toward a degree unless followed by a second year course in the same language.

Elections for the second term must be filed by members of the upper classes with the Dean on or before January 15th, and for the first term on or before May 15th.

REFERENCE STUDY AND RESEARCH

1. Students taking courses in Philosophy shall prepare and submit each month a paper of 2,000 words dealing with the development of some specific topic of the subject matter treated in class.

2. Students taking courses in History and Social Sciences will be required to hand in two papers each semester. These papers are to contain not less than 1,800 words; and at least one of the four papers thus submitted during the year should give unmistakable signs of original research, preferably in some local Catholic subject.

3. All such and other prescribed written assignments will be held to strictly as prerequisites for graduation, for the fulfillment of which no student will be allowed any extension of time beyond the 15th of April of his senior year.

All applicants for a degree should file their application and present all their credits on or before the 15th of April.

MINIMUM PRE-MEDICINE CURRICULUM

Regis College, together with the leaders in medical education, strongly urges a four-year college education for all students preparing to study medicine. However, the College admits students to a two-year program of preparation for medical schools. This Minimum Pre-Medicine Curriculum satisfies the entrance requirements of the standard medical schools. It also gives the student Junior standing should he decide to study for an Arts College degree.

MINIMUM PRE-DENTISTRY CURRICULUM

The minimum requirement for admission to any acceptable dental school, besides the usual fifteen units of credit in high school work, is thirty semester hours of collegiate preparation. Regis College advises four years of college work. However, it accepts students in a one-year, or two-year program of pre-dental studies, which satisfies the entrance requirements of approved dental schools. The Minimum Pre-Dental Curriculum also gives the student Sophomore standing should he decide to study for an Arts College degree.

MINIMUM PRE-LAW CURRICULUM

The minimum requirement for admission to most law schools, in addition to high school work, is sixty-four semester hours of collegiate training. Regis College advises four years of college work. However, it accepts students for a shorter program of preparation for law schools. This Minimum Pre-Law Curriculum also gives the student Junior standing should he decide to study for an Arts College degree.

MINIMUM PRE-ENGINEERING CURRICULUM

While schools of engineering will admit students who present a satisfactory set of high school credits, college preparation is profitable. Regis College advises four years of college work. However, it accepts students in a one year program of preengineering studies. This Minimum Pre-Engineering Curriculum gives the student Sophomore standing should he decide to study for an Arts College degree.

DEPARTMENTS AND COURSES

1. As a rule, odd numbers indicate first semester courses; even numbers second semester courses.

2. In all beginning and year-courses, both semesters must be completed for credit toward a degree.

3. The faculty reserves the right to refuse to offer a course listed below for which there is not a sufficient number of applicants.

4. Courses marked * were not given in 1928.

ACCOUNTING

1. Introductory Accounting.

A study of the fundamental principles underlying the simple balance sheet and profit and loss statements; the development of the theory of debit and credit as applied to ledger accounts, books of original entry, adjusting and closing books and related problems. Special consideration is given to problems peculiar to partnership; various methods of dealing with depreciation, accruals and deferred items; commercial paper; columnar books and controlling accounts; consignments and joint ventures; and accounts peculiar to corporations. Three hours per week. First semester.

2. Introductory Accounting.

Completion of course outlined under 1. Three hours per week. Second semester.

3. Advanced Accounting.

This course covers the more difficult problems of corporation accounting: the voucher system, valuation and related problems, investments, sinking funds, distinction between capital and revenue expenditures, and form and content of the corporation balance sheet and profit and loss statement. There is studied also accounting problems connected with the liquidation and the combination and consolidation of corporations, consolidated balance sheet and profit and loss statement, accounts of receivers and trustees, and branch house accounting. Three hours per week. First semester.

4. Advanced Accounting.

Completion of the course outlined under 3. Three hours per week. Second semester.

*5. Cost Accounting.

Analysis of the sources of cost; tracing the cost from the raw materials through the processes of production to the finished product; apportioning costs; cost of labor, skilled and unskilled; cost of management and exploitation; cost units; analysis of costs

Three Hours Credit

DEPARTMENT OF BIOLOGY

to determine the relative efficiency of various departments, various aggregate or individual units; trading as distinguished from manufacturing costs; installing and operating cost systems; cost keeping according to the most satisfactory methods; comparative value of different systems of cost accounting. Three hours per week. One semester.

7. Auditing.

The course covers the theory and practice of auditing. The subjects treated are: Purpose and classes of audits; detailed procedure in the verification of the original records; special consideration to the audit of cash, accounts receivable, inventories, plant, liabilities, capital stock and surplus; analysis of accounts and preparation of working papers; certified statements and reports. Three hours per week. One semester.

BIOLOGY

1a. General Biology.

This is intended as an introduction to subsequent courses as well as a general survey of the subject for those students wishing to take only one year of biology. It consists of lectures, recitations, and laboratory work on selected types of organisms and on various phases of animal and plant life. Texts: Woodruff's Foundations of Biology and Baitzell's Manual of Biological Forms. Three lectures per week. First semester.

1b. Laboratory Course to 1a.

Two two-hour periods per week. First semester.

2a. General Biology.

A continuation of Course 1a. Three lectures per week. Second semester.

2b. Laboratory Course to 2a.

Two two-hour periods per week. Second semester.

3a. Comparative Anatomy.

A study of the development and structure of vertebrates including a detailed comparison of the organ systems of various typical forms. Text: Hyman's Laboratory Manual for Comparative Vertebrate Anatomy. Three lectures per week. First semester.

3b. Laboratory Course to 3a.

Two three-hour periods per week. First semester.

4a. General Embryology.

Maturation, fertilization, and cleavage in various typical forms. Gastrulation and embryo formation in the Chordates, Acrania, Pisces, Amphibia, and Aves are carefully studied and compared.

ECONOMICS

1. Principles of Economics.

A summary study of the important principles and problems of modern business. The matter covered by Courses 1 C & F and 2 C & F is condensed so as to be covered in a single semester. Prerequisite for all courses following, except for Commerce and Finance students. Three hours per week. One semester.

1 C & F. Principles of Economics.

The economic principles involved in the production, exchange, distribution and consumption of wealth. Study of textbooks supplemented by lectures, discussions and assigned readings. Prerequisite for all following courses, for Commerce and Finance students. Three hours per week. First semester.

2 C & F. Principles of Economics.

Completion of Course outlined under 1 C & F. Prerequisite for all following courses, for all Commerce and Finance students. Three hours per week. Second semester.

2. Economic History.

Economic History of the United States. The development of agriculture, commerce and the manufacturing industry from Colonial times to the present day. Assigned readings on special topics. Three hours per week. One semester.

3. Money and Banking.

A brief treatment of the subject as outlined in 3 C & F and 4 C & F. Three hours per week. One semester.

3 C & F. Money and Banking.

A study of the nature and functions of money; monetary systems and standards; the principles of commercial banking; a comparative and historical study of theoretical banking as exemplified in the larger European and American banking systems. Banking in the United States is studied in detail with special emphasis on the Federal Reserve System. Intended primarily for Commerce and Finance students. Three hours per week. First semester.

4 C & F. Money and Banking. Three Hours Credit

Completion of course outlined in 3 C & F. Three hours per week. Second semester.

7 and 8. Business Law.

The object of these courses is to equip the student with such practical knowledge of the subject as will fit him to conduct business intelligently from a legal standpoint; and to recognize from contact those situations in which he will prudently seek professional legal aid.

Three Hours Credit

DEPARTMENT OF ECONOMICS

7. Business Law.

Introduction to the study of the fundamentals of law, Contracts, Agency, Negotiable Instruments. Three hours per week. One semester.

Business Law. 8.

A study of Partnerships and Corporation, Sales, Property, Bankruptcy, Bailments and Carriers, Insurance. Three hours per week. One semester.

9. Business Organization.

A study of the most efficient means for the organization and management of business. The origin and delegation of authority, specialization, standardization, coordination, planning, business policies, organization types; studied especially in their relation to office and factory. Three hours per week. One semester.

10. Marketing.

A fundamental course in principles, methods and problems, with an analysis of the principal materials, their markets and market organizations. Three hours per week. One semester.

11. Salesmanship.

A study of the principles and theory underlying selling technique, with practical applications. Three hours per week. One semester.

12. Corporation Finance.

The subject matter of this course deals with corporation stock; the sources of corporate funds; short time loans; the corporate mortgage; types of corporate bonds; corporate promotion; new enterprises; consolidations; selling securities; underwriting syndicates; investment of capital funds; disposition of gross earnings; betterment expenses; the corporate surplus; corporate manipulations; insolvency and receiverships; reorganizations. Three hours per week. One semester.

15. Transportation.

The economics of transportation; its influence on commercial and industrial development; ocean transportation; export and import charges and duties; inland waterways and transportation; railroads; passenger traffic; freight traffic; classification; rates and tariffs; traffic policies; state and federal regulations; transportation problems. Three hours per week. One semester.

16. Foreign Trade.

The principles of foreign trade are studied to bring out the advantages of international exchange, especially the advantages accruing to the United States. The present situation is carefully analyzed in order to determine the future of American business abroad. Three hours per week. One semester.

Three Hours Credit

Three Hours Credit

Three Hours Credit

Labor Problems. 17.

A study of the problems arising from the workingman's place in industry, labor organizations, employers' associations, their respective methods of bargaining, the relation of government to both, social legislation. Three hours per week. One semester.

18. Advanced Banking.

This course involves a comparison of present-day American and foreign banking systems, an intensive study of the development and problems of the Federal Reserve System, and a study of the problems of the individual banker. The acquisition of a working knowledge of available banking literature is a fundamental part of the course. Three hours per week. One semester,

*19. Sales Management.

This course gives a broad view of the more important problems of sales administration, sales planning and execution as applied to manufacturing and wholesaling concerns. Three hours per week. One semester.

20. Principles of Advertising.

The problems and scope of advertising; its history and development; the place of advertising in business. The human aspects of the market; analysis of the problem; methods of investigation; sample investigations; the appeals; analysis and classification of appeals, sex and class differences. Presentation of appeals; study of various methods of presentation. Special fields of advertising; national advertising; retail advertising. Three hours per week. One semester.

*21. Insurance.

In this course the principles and practices of the more im-portant forms of insurance are studied. Among the types considered are life, fire, marine, automobile, title, and credit insurance. Three hours per week. One semester.

22. World Commerce.

A study of the commerce of the United States, international commerce and trade relations between the different parts of the United States, and between the United States and other nations. Three hours per week. One semester.

23. Credits.

The basis for the legitimate extension of credit; the credit department of the wholesale house and its equipment; gathering credit information; the mercantile agency; the credit department of a modern department store; collections and collection methods; the financial statement and its analysis; analysis of credit information in general; credit correspondence; banking credits; the legal equipment of the credit manager; bankruptcy and insolvency; liquidation of insolvent estates. Three hours per week. One semester.

DEPARTMENT OF EDUCATION

24. Investments.

The nature, method and laws of investment; government, state, county and municipal bonds; stocks and bonds of public service companies; stocks and bonds; fluctuation; stock markets; the relation of speculation to investment; the nature and effects of speculation; mortgages; real estate values and investments. Three hours per week. One semester.

EDUCATION

4. Educational Psychology.

A study of established psychological processes and procedure; prevalent errors in psychology and their influence on recent and contemporary educational theory and practice; physical growth and mental development; the psychology of adolescence; instinct, heredity, and individuality; attention, interest, appreciaton, association, memory and habit, and their application to the problems of education and the class room. Three hours per week. One semester.

*5. History of Ancient Education.

History of Ancient and Medieval Education. The development of educational ideals, systems, institutions, and methods of early times, through Jewish, Greek, Roman and early Christian civilization down to the Renaissance. Two hours per week. One semester.

6. History of Modern Education.

The Renaissance and humanistic studies; effects of the Reformation; Catholic reaction; the Jesuits and higher education; a survey of systems, movements and tendencies in educational ideals and methods during the sixteenth, seventeenth, eighteenth and nineteenth centuries; recent and contemporary educational thought and tendencies in England, France, and Germany, and especially in the United States. Lectures, readings, and investigations of special problems. Three hours per week. One semester.

8. School Management.

The meaning and aim of the educative process and the function of this aim in class-room organization and control; motivation of school work; routine procedure; gradings and promotings; the real function and character of the curriculum; assignments, study and recitations; the effective measurements of school processes and products; the influence of personality upon the professional effectiveness of the teacher; professional ethics. Three hours per week. One semester.

9. High School Administration.

An investigation of the problems, aim, organization, and procedure in the administration and supervision of secondary schools,

public and private; the relationship of superintendent, principal, teachers, parents and pupils; certification of teachers, rating of teachers and teaching efficiency; school surveys, standardizing agencies, processes and progress; school construction, equipment, and control. Three hours per week. One semester.

10. Principles, Secondary Education. Three Hours Credit

The development of secondary education in America and in other countries; its relations to elementary and higher education; program of studies, criteria of subject values; history, purposes, organization, and methods of the Junior high school; vocational and industrial education; organization, and reconstruction of curricula with reference to the various needs of typical communities and present day life; text-books and apparatus; the psychology of high school subjects. Three hours per week. One semester.

11. Observation of Expert Teaching.

A systematic observation of classes taught in Regis High School and a written report of such observations as outlined by the head of the department. One hour per week. One semester.

12. Practical Work in Teaching.

During the second semester each student will prepare thirty recitations and teach them in Regis High School under the supervision of a critic-teacher. Two hours per week. One semester.

*15. Teaching English in High Schools.

Reorganization and views of the English course; problems in the teaching of oral and written composition; choice, arrangement and presentation of literature; the library; administration problems. Two hours per week. Second semester.

ENGINEERING DRAWING

1. Mechanical Drawing.

Instruction in the correct use of drafting instruments and materials. Drawings are made in pencil and in ink, on paper and tracing cloth. Practice is given in lettering. Accuracy and neatness are required. Isometric and oblique projections are included. Three hours per week. One semester.

2. Mechanical Drawing.

Continuation of Course 1. Three hours per week. One semester.

3. Descriptive Geometry.

This course deals with principles and methods used in making with mathematical exactness drawings of objects and geometrical magnitudes, and in solving problems involving their space relations, without going into details of shop notes, field notes, machine

drawing and design, and topographic and geologic mapping, to which subjects it serves as a preliminary. The principles embodied in the course are limited to those pertaining to the "method of choosing new projection planes." Three hours per week. First semester.

4. Descriptive Geometry.

Completion of the matter outlined under Course 3. Three hours per week. Second semester.

ENGLISH

0. Elementary English.

A course imposed without credit during Freshman year on Freshmen who prove deficient in such elementary matters of English as they are supposed to have mastered before leaving High School. An examination to determine such deficiencies is given to all Freshmen in the first school-week in September.

1. Rhetoric and Composition.

A course in the essentials of Rhetoric and in the various modes of composition. Required of all Freshmen. Course 1 is prerequisite to all courses following. Three hours per week. One semester.

2. Advanced Rhetoric.

A systematic course based on text-books, in the theory of rhetoric, the study of style, and the requisite of the various species of writing. Required of all Freshmen. Course 2 is prerequisite to all courses following. Three hours per week. One semester.

3 C & F. Business Correspondence.

This course is mainly intended for students majoring in Commerce and Finance. It comprises the theory and the practice of effective letter-writing. Three hours per week. One semester.

4 C & F. Business Correspondence.

Advanced Business Writing. A continuation of Course 3 C & F with emphasis upon special forms of business letters, upon circulars, bulletins, periodical articles, reports, etc. Three hours per week. One semester.

3 S. English Survey.

A study course of the various types of English literature, in appreciation. Required of all degree Sophomores, and prerequisite to all courses following. Three hours per week. First semester.

4 S. American Survey.

A study of the various types of American literature. Required of all degree Sophomores, and prerequisite to all courses following. Three hours per week. Second semester.

NOTE: The following courses are open to Juniors and Seniors only, and are intended primarily for students majoring in English.

3. Poetry.

Theories of English prosody; Saintsbury, Patmore, Lanier, Bridges, Hopkins. The part played by Latin Christian hymns in determining the metrical and Caroline verse. French influences in Restoration verse. The influences of Mallory and of the ballads on late poetry. The Romantic revival; Wordsworth and Coleridge. The Pre-Raphaelites. The Catholic revival; Patmore, Francis Thompson, and others; contemporary Catholic poets. The poetry of the twentieth century. Free verse. Three hours per week. One semester.

*4. The Short Story.

The theory and technique of the short story; its development and various kinds. Reading and appreciation of short stories, and composition in the form. Three hours per week. One semester.

*5. The English Novel.

The principal purpose of this course is to study the technique of the novel and the various schools of fiction and their tendencies, with special attention to their ethical and literary value. Three hours per week. One semester.

6. Oratory.

The theory of oratory; analysis and study of oratorical masterpieces; historical study of the great orators. The preparation of briefs, the composition and delivery of short addresses, speeches for occasion, debates, and at least one formal oration, will be required. Three hours per week. One semester.

*7. The Technique of the Drama.

The theory of the drama will be studied by means of lectures and assignments in its history and development; examples of the different forms will be analyzed; composition in dialogue, dramatic sketches, playlets, scenarios, and at least one complete drama will be required. Prerequisite to courses eight and nine. Three hours per week. One semester.

*8. Shakespeare.

Shakespeare's life, influence, sources of his dramas; an acquaintance by reading and assignment with the Shakespearean literature of criticism; a study of the chief plays, especially in

comparison with those of other dramatists. Three hours per week. One semester.

*9. The Modern Drama.

The course will be confined to English and American drama, though some of the continental influences will be noted and analyzed. The more noteworthy plays of the chief dramatists from Goldsmith and Sheridan to the present will be read. Three hours per week. One semester.

*10. Aesthetics, Literary Criticism.

The philosophical basis of æsthetics; the elements of taste; the theory of criticism; a survey of critical standards; a study of the schools of criticism and of the work of the chief literary critics. Critical papers on assigned subjects will be required. Three hours per week. One semester.

*11. History of the English Novel.

A course tracing the development of the English novel from the metrical tales of Chaucer, the romances of Lyly and Sidney, and the pamphlets of Green and Lodge and their contemporaries to the work of Galsworthy, Conrad and Hardy. Three hours per week. One semester.

*12. The Modern English Novel.

A course devoted to the discussion of the theories of fiction English, Continental and American, from Scott to the present day. Three hours per week. One semester.

13. Journalism.

News gathering and news values. Various methods of reporting and gathering news. Practical work in the regular news channels of the campus. Methods of preparing copy for publication; newspaper style; editing copy; typographical style; proof reading. Three hours per week. One semester.

14. Journalism.

Editorial writing; the functions of the editorial; the writer's responsibility and opportunity for constructive service; editorial make-up. The development of the modern press; brief survey of the history of journalism; discussion of its present tendencies; ethics of the profession. Three hours per week. One semester.

*19. The English Essay.

The history and development of the Essay with a brief biography of its principal exponents. A detailed study of the various forms. The Catholic Essayists. Weekly practice and class criti-cism of the different forms of the Essay. Three hours per week. One semester.

20. The One-Act Play.

This course includes the study of the one-act play as a type; the reading and criticism of a number of the best one-act plays; the problem of staging plays; stage equipment; costuming, makeup. Original compositions. Three hours per week. One semester.

FRENCH

A. Elementary French.

Careful drill in pronunciation. The rudiments of grammar, including the inflection of the regular and more common irregular verbs; the order of words in the sentence; colloquial exercises; writing French from dictation; easy themes; conversation. Four hours per week. First semester.*

Elementary French. В.

Mastery of irregular verb forms; uses of the conditional, subjunctive; syntax. Reading of graduated texts, with constant practice in retranslating into French portions of the text read; dictation, conversation. Four hours per week. Second semester.*

C. Intermediate French.

Reading, conversation, prose composition, letter-writing, exercises in French syntax. Prerequisite: French A, B, or equivalent. Four hours per week. First semester.*

D. Intermediate French.

Grammar reviews, with special attention to problems in syntax. Detailed written abstracts of texts read. Letter-writing. Conversation. Four hours per week. Second semester.*

(Texts: Halévy, L'Abbé Constantin; Sarcey, Le Siege de Paris; Renard, Trois Contes de Noel; Labiche and Martin, Le Voyage de M. Perrichon; Frontier, Napoleon; Chateaubriand, Les Adventures du Dernier Abencerage.)

*These courses are prerequisite to all courses following.

5. Modern French Prose.

The study of novels or short stories of modern French prose writers; Erckmann-Chatrian, Bazin, Chateaubriand and others. Grammar and composition based on French text. Three hours per week. One semester.

6. French Poetry.

French Poetry of the Nineteenth Century. Reading from Alfred de Vigny, Alfred de Musset, Lamartine and others, with an introduction to French versification. Selections committed to memory. Three hours per week. One semester.

*7. French Oratory.

A study of the French orators and their works Bossuet, Bourdaloue, Massillon, Flechier; prose compositions; private read-ing. Three hours per week. One semester.

*8. French Drama.

The readings of dramas chosen from such authors as Corneille, Moliere, Racine, together with a study of their lives and works. Three hours per week. One semester.

*GEOLOGY

1. Dynamical; Structural Geology.

Atmospheric, aqueous and igneous agencies and their work. River and marine deposits. Glaciers. Earth movements. Volcanoes. Earthquakes. Classifications of rocks. Metamorphism. Mineral deposits. Coal, oil and natural gas. Mountain formation and topography. Three hours per week. One semester.

2. Historical Geology.

Evolution of the earth. Fossils and their significance. Geological eras, periods, epochs, and corresponding systems. The prevalent species of plants and animals of the successive geo-logical ages. The advent of man. Three hours per week. One semester.

GERMAN

A. Elementary German.

This course is intended for students who have not presented German for admission. Grammar, pronunciation, colloquial exercises, easy themes, translation from prose selections. Four hours per week. First semester.

B. Elementary German.

Continuation of Course A. Weak and strong verbs; the use of the model auxiliaries; the chief rules of syntax and word-order; selections in prose and verse; dictation based upon the readings; frequent short themes; conversation; memorizing of poems. Four hours per week. Second semester. Reading: Schmid, Heinrich von Eichenfels.

C. Intermediate German.

Rapid review of grammar; dictation; prose composition. Open to students who have credit for German A and B, or who have presented elementary German for admission. Four hours per week. First semester.

DEPARTMENT OF GREEK, HISTORY

D. Intermediate German.

Continuation of Course C. The more difficult points of syntax; special problems of grammar. Reading of selected texts. Dictation and themes based upon the reading. Memorizing of poems. Four hours per week. Second semester.

Readings:

58

(a) Selected Ballads and Lyrical Poems;

(b) Drama: Selections from Grillparzer;

(c) Scientific Reading: Walther's Allgemeine Meereskunde.

GREEK

A. Elementary Greek.

The course is intended for those who enter without Greek. Connell's Greek Grammar; Xenophon, Anabasis; prose composition based on Xenophon. Four hours per week. First semester.

B. Elementary Greek.

Completion of work outlined under Course A. Four hours per week. Second semester.

*1. Homer.

Selected portions of the Iliad or Odyssey; Homeric Dialect; outline of Greek epic poetry. Three hours per week. First semester.

*2. Plato.

The Apology and one of the Dialogues. New Testament, selections. Three hours per week. Second semester.

*3. Demosthenes.

Philippics; The Crown; history of the development of Greek oratory. Three hours per week. First semester.

*4. Sophocles; Aeschylus.

Sophocles, Antigone or Oedipus Tyrannus; Aeschylus, Prometheus, with lectures on Greek drama. Three hours per week. Second semester.

HISTORY

1. Western Europe.

Western Europe from the Renaissance to 1815. Sophomore or Junior year. Three hours per week. One semester.

2. Western Europe.

Western Europe from 1815. Sophomore or Junior year. Three hours per week. One semester.

Courses 1 and 2 are prerequisite to all other history courses

and in view of their cultural and informational value are required of all undergraduates. Ordinarily taken in Sophomore or Junior year.

Method of instruction is typically the informal lecture based on text-books recommended by the Department and supplemented by oral recitations, quizzes, class-room discussion, collateral reading, written tests, and occasional research tasks in the library. At least two papers designed to afford practice in original presentation of historical data are required in each course.

3. English History.

English History to the death of Elizabeth. The fusion of Saxon and Norman elements and the gradual advance towards national consciousness with special reference to the growth of political and social institutions; the jury system, the common law, the great charters and the rise of representative government; Tudor despotism and the significance in English history of Elizabeth's reign.

With England (800-1500) taken as a vertical section of the Mediaeval world, the civilization of which was homogeneous to a marked degree in all the countries of Western Europe, and with the more important events and movements of the Middle Ages grouped around England as one of the chief participants therein this course becomes similar in scope to a general course in mediaeval history. Junior or Senior year. Three hours per week. First semester.

4. English History.

English History from the death of Elizabeth. The Stuarts and the great struggle for popular and constitutional rights; the cabinet system of government and the rise of political parties; the Industrial Revolution and the building of the British Empire; the spread of democratic ideas, the British Empire today and the problems before it. Three hours per week. Second semester.

Courses 3 and 4 aim to present English History especially as a background and starting ground for the study of American History. With informal lecture and text-books as the basis of instruction, stress is laid on the use of source-material and on methods of historical research and composition. (At least two papers designed to embody results of collateral reading and comparison of selected sources are required in Courses 3, 4, 5, 6, 7, 8.) Junior or Senior year.

5. American History.

American History to the Reconstruction Period. This course, with the following, aims to bring into relief the outstanding influences that have shaped the history of the United States from the Colonial Period to our own, stressing for this purpose topics of import for the social, economic, and political development of

Three Hours Credit

Three Hours Credit

the nation. Junior or Senior year. Three hours per week. First semester.

5 P-L. American History.

A Pre-Legal Course in American History to the Reconstruction Period. In this course special study is given to the development of state and federal governments, the constitutional phases of political questions and the historical significance of important court decisions. Three hours per week. One semester.

6. American History.

American History Since the Reconstruction Period. Supplementary to Course 5 with similar aims and methods of instruction, the course bears in its later phases on conditions and circumstances that led to America's participation in the Great War, with the resulting stimulus to a clearer national consciousness of the significance and value of American citizenship. Junior or Senior year. Three hours per week. Second semester.

6 P-L. American History.

Supplementary course to that outlined under 5 P-L. Three hours per week. One semester.

Ecclesiastical History.

Origin and early expansion of Christianity; persecutions; heresies; Councils; mediaeval union of Church and State; foreign missions, mediaeval and modern; disruption of Christian unity in the sixteenth century; the papacy and the popes. The course aims to show in sequence the reverses and vicissitudes of the spiritual kingdom of Christ. Junior or Senior year. Three hours per week. One semester.

*8. European History.

Special Topics in European History. Courses dealing intensely with certain outstanding events, movements and institu-tions of direct bearing on the history of the Church. Topics thus treated will be, among others, the Origin and Early Influence of the Papacy, the Temporal Power of the Popes, the Holy Roman Empire, the Controversies over Investitures, Mediaeval Religious Life, the Mendicant Friars, Mediaeval Universities, The Great Schism, the Collapse of Religious Unity in the Sixteenth Century, the Catholic Reaction, Missionary Enterprise in the Spanish Colonies, etc. Research courses giving opportunity to the student to deal freely with source-material and to compare his findings with the treatment of the topics in the best secondary authorities. Senior year. Three hours per week. One semester.

*9. European History.

Completion of course outlined under 8. Three hours per week. One semester.

Three Hours Credit

Three Hours Credit

Three Hours Credit

Three Hours Credit

*10. Contemporary History.

A course aiming to apply the methods of historical evidence and research to current events. Senior year. Two hours per week. One semester.

*11. Historical Methods.

The principles of historical evidence, the processes of historical research, scientific method in history, the rival claims of literature and science in historical composition, biography. Senior year. Two hours per week. One semester.

LATIN

Elementary Latin. Α.

Daily practice in oral and written themes; essentials of syntax. Cæsar, De Bello Gallico, four books; thorough study of syn-tax with frequent themes. Bennett's New Latin Prose Composition. Four hours per week. First semester.

B. Elementary Latin.

A completion of the course outlined under A. Four hours per week. Second semester.

C. Cicero; Sallust.

Orations against Catiline I-III; selections from De Senectute and the Bellum Catilinæ. Themes from Bennett's New Latin Prose Composition. Four hours per week. First semester.

D. Vergil; Cicero.

Aeneid, translation and interpretation with studies in Greek and Roman mythology. Cicero, Pro Lege Manilia. Themes as in Course C. Four hours per week. Second semester.

The above courses, A, B, C and D, are intended for students who enter with insufficient preparation in Latin, but will not be accepted in fulfillment of the required college Latin.

Vergil; Horace. 1.

Vergil, Aeneid VII-XII, selections; Horace, Ars Poetica. Selections from Christian Hymnology. Three hours per week. One semester.

2. Livy.

Book XXI; Book XXII; selections; a study of Livy's style; elements of change from the prose of the Ciceronian age. Three hours per week. One semester.

3. Horace; Cicero.

Horace, selected Odes and Epodes; Cicero, Pro Milone, with special references to its rhetorical and argumentative qualities; De Amicitia or De Senectute. Three hours per week. One semester.

DEPARTMENT OF MATHEMATICS

4. Horace: Tacitus.

Horace, selected Epistles and Satires; a study of the chief characteristics of Roman satire; Horace's philosophy of life; Tacitus, Agricola, and Germania; the prose of the Empire. Three hours per week. One semester.

*5. Cicero: Iuvenal.

Cicero, Quaestiones Tusculanæ, with a study of his position as a philosopher; Juvenal, selected satires. Three hours per week. One semester.

*6. Plautus: Terence.

Selected plays. Three hours per week. One semester.

9. Latin Composition.

Principles of Latin idiom and style. Kleist's Aids to Latin Composition. Required of students taking Courses 1 and 2. One hour per week. First semester.

10. Latin Composition.

A continuation of Course 9. One hour per week. Second semester.

11. Latin Writing.

Advanced course. Translation of selected passages from English classic authors. Kleist's Practical Course in Latin Composition. Intended to accompany Course 3. One hour per week. First semester.

12. Latin Writing.

A continuation of Course 11. Intended to accompany Course 4. One hour per week. Second semester.

*13. Ecclesiastical Latin.

Hymns and homilies, selected from the Breviary and other sources. Two hours per week. One semester.

MATHEMATICS

A. Advanced Algebra.

A course for those who present but one unit of Algebra for entrance to college. The work starts with a review of Elementary Algebra, and then takes up such subjects as are usually given in a third-semester high-school course of Algebra. Can be counted only as an elective. Two hours per week. First semester.

B. Solid Geometry.

A course for those who have not had solid geometry in high school. Cannot be counted in fulfillment of the requirements in Mathematics. Two hours per week. Second semester.

1. College Algebra.

After a brief review of the foundations, the following topics are treated: Variables and functions, linear and quadratic equations, determinants, logarithms, undetermined coefficients, complex numbers, binomial theorem, theory of equations, and series. For Freshmen. Prerequisite: Entrance Algebra, one and onehalf units; and Plane Geometry. Three hours per week. First semester.

1 C & F. Business Mathematics.

Review of methods of calculations; computation of profits; determining the selling price; payroll statistics and calculations; interest; depreciation; insurance; exchange; taxes; interest on bank accounts; building and loan associations. Three hours per week. One semester.

2. Plane Trigonometry.

The six elementary functions for acute angles; goniometry; solution of the right and oblique triangles; graphs of the functions and solution of simple trigonometric equations. For Freshmen. Three hours per week. One semester.

2 C & F. Business Mathematics.

Continuation of Course 1 C & F. Interest, annuities, amortization, bond valuation. Three hours per week. One semester.

3 C & F. Business Mathematics.

Advanced course. One hour per week. Both semesters.

Surveying. *6.

The theory, use, and adjustment of instruments; methods of computation and arrangement of data; practical field work and topographic map-making. Three hours per week. One semester.

7. Plane Analytic Geometry.

Loci and their equations. The straight line; the circle; the parabola, ellipse, and hyperbola; transformation of coordinates; polar coordinates. Open to Sophomores and Juniors. Three hours per week. One semester.

8. Solid Analytic Geometry.

An introductory treatment of the point, plane, straight line, and surfaces of revolution. Open to Sophomores and Juniors. Three hours per week. One semester.

9. Differential Calculus.

Fundamental notions of variables; functions, limits, derivatives and differentials; differentiation of the ordinary algebraic, exponential and trigonometric functions with geometric applications to maxima and minima, inflexions, and envelopes; Taylor's formula. Open to Sophomores and Juniors. Three hours per week. One semester.

10. Integral Calculus.

The nature of integration; elementary processes and inte-grals; geometric applications to area, length, volume and surface; multiple integrals; use of infinite series in integration; introduction to differential equations. Open to Sophomores and Juniors. Three hours per week. One semester.

11. Higher Algebra.

Determinants, theory of equations, complex numbers, and in-finite series. Prerequisite, Courses 1, 2. Three hours per week. One semester.

ORIENTATION

1. Freshman Lecture.

How to study; apportionment of time; the educational value sports; educational perspectives; horizons; evaluation of of courses; the educational equation and personal problems; educational collaterals, library, museums, etc.; school organization and student activities; the value of expression; educational obligations; personal economics; the religious reagent in education and life. The course is obligatory for Freshmen. One hour per week. First semester.

2. Freshman Lecture.

The course is supplementary to Course 1. Obligatory for Freshmen. One hour per week. Second semester.

PHILOSOPHY

1. Formal Logic.

This will comprise the customary treatment of formal logic with added emphasis on inductive reasoning and the informal reasoning of everyday life and of literature. Required of Juniors. Two hours per week. First semester.

2. Metaphysics.

Questions of epistemology; truth and error, the nature of fact and of certitude, the value of human testimony, the criterion of truth. Required of Juniors. Two hours per week. First semester.

3. Psychology.

Beginning with an explanation of the cerebro-spinal nervous system, this course leads on to the study of the phenomena of sensuous life; sense perception, imagination and memory, sensuous appetite, movement and feeling. Required of Seniors. Two hours per week. First semester.

DEPARTMENT OF PHILOSOPHY

4. Psychology.

A continuation of Course 3, embracing the study of the phenomena of rational life; the origin and development of intellectual concepts, rational appetency, free-will and determinism. The latter part of the semester is given to rational psychology; the origin, nature, and destiny of the human soul, the union of the soul and body. Required of Seniors. Two hours per week. First semester.

4E. Educational Psychology.

A study of established psychological processes and procedure; prevalent errors in psychology and their influence on recent and contemporary educational theory and practice; physical growth and mental development; the psychology of adolescence; instinct, heredity, and individuality; attention, interest, appreciation, association, memory and habit, and their application to the problems of education and the class room. Three hours per week. One semester.

5. Metaphysics.

In this course are treated the subjects usually included under Ontology and Cosmology; the notions of being, act and potency, substance and accident, relation and cause; the origin of the material universe; the constitution of inorganic bodies, organic life, the laws of physical nature, miracles. Required of Juniors. Four hours per week. Second semester.

6. Metaphysics.

Natural Theology, including: the idea of God, the proofs for the existence of God, the attributes of God, and free-will, the divine action in the universe, providence. Required of Seniors. One hour a week. First semester.

7. Ethics.

In this course are treated the subjects belonging to general

theory; the nature of the moral act, the distinction between moral good and moral evil, moral habits, natural and positive moral law, conscience, rights, and duties. Required of Seniors. Two hours per week. Second semester.

8. Ethics.

The application of the general principles of ethics to particular, individual and social rights and obligations; the right to property, life, honor; the rights and obligations of domestic society; marriage and divorce; civil society, its nature and forms; the rights of civil authority; church and state; the ethics of international relations, peace and war. Required of Seniors. Two hours per week. Second semester.

*9. History of Philosophy.

History of Ancient Greek Philosophy. In ancient Greek philosophy attention is directed primarily to the teachings of Socrates, Plato, and Aristotle and to the systems of Stoicism and Epicureanism. Plotinus is taken as representative of the Alexandrian movement; and St. Augustine is studied as the most conspicuous example of the early Christian philosopher. This course is carried on by means of lectures and recitations and the reading of representative selections. Turner's History of Philosophy is used as the basis of lectures and recitations. Two hours per week. One semester.

*10. History of Philosophy.

History of Mediaeval and Modern Philosophy. In the study of mediaeval philosophy attention is centered on the origin and development of Scholastic philosophy and on the system of St. Thomas as the most complete synthesis of mediaeval thought. In the division of modern philosophy, Descartes, Locke, Hume, Hegel, and Spencer are taken for special study. Among presentday tendencies, the revival of Scholasticism and the trend toward realism are noticed. De Wulf's Mediaeval Philosophy is made the basis of the treatment of Scholastic Philosophy and Turner's History of Philosophy is used as the text for modern systems. Lectures, recitations, readings and discussion. Two hours a week. One semester.

21. Logic.

A compendious course in Logic to make students acquainted with the technical language of philosophy and with the formal and informal processes of reasoning. The second part of the course deals with the science of knowledge, with truth and error, the nature and degrees of certitude, the value of human testimony, the criterion of truth. Four hours per week. First semester.

22. Psychology and Ethics.

A compendious course embracing rational psychology, the origin, nature and destiny of the human soul, the union of the soul and body. The second part of the course deals summarily with general ethics, the nature of the moral law, conscience, rights, and duties. It also treats of the right to property, life, and honor, the rights and obligations of domestic and civil society. Four hours per week. Second semester.

Courses 21 and 22 are required of all pre-professional students.

PHYSICS

1a. General Physics.

Lectures, experimental demonstrations, and recitations in Mechanics, Sound, Light, Heat, Magnetism and Electricity. Must be preceded or accompanied by a course in Plane Trigonometry. Two hours per week. One semester.

10. Modern Prose.

Three Hours Credit

Luis Coloma, Jeromin, Boy, La Reina Martin; Jose Maria Pereda, Penas arriba, Cuentos y novelas; Saj, Europa salvaje; Fernan Caballero, La Gaviota, Clemencia; Valvuena, Estudios criticos; Selections. Three hours per week. One semester.

11. Modern Poetry.

Three Hours Credit

Selections from the writings of Alberto Risco, Jose Selgas, Nunez de Arce, Zorilla, and others. Three hours per week. One semester.

COLLEGE ORGANIZATIONS

1. The Sodality of the Immaculate Conception, for the promotion of more than an ordinary degree of Christian zeal and piety. Under the patronage of the Virgin Mother of God, the members of the Sodality strive in imitation of her, to render themselves more and more worthy of her intercession and the protection of her Divine Son, as well as more Christ-like by the promotion of all the spiritual and corporal works of mercy. These latter especially, fostered as they are throughout the school year, cannot but result in a spirit of active charity, of benefit to their Pastors and to all with whom they come in contact.

2. The Apostleship of Prayer, League of the Sacred Heart. This organization seeks to procure a happy means of fulfilling the command of God, "Pray always," by giving even to ordinary daily actions the efficacy of prayer. The members hope by this means to further the designs of Jesus Christ, and they league themselves with Him to procure the spread of the grace of salvation to all men.

3. The St. John Berchmans' Acolythical Society. The object of this society is to contribute to the beauty and the solemnity of divine worship by an accurate observance of the liturgic rites and ceremonies, and to afford students the privilege of serving at the altar.

4. The Razzer Club, pep unit of the school, was organized in September, 1923. The purpose of the club is to promote a spirit of good fellowship among the students, to act as cheer leaders at games, and to increase interest in all Regis activities. The club membership is limited to fifty members. These are admitted only after consideration of the membership committee.

5. The Loyola Debating Society, aims at the cultivation of a facility in the expression of logical argument. Every two weeks a semi-public debate is held—the subject and contestants being announced by the Director in advance. After the assembled members have balloted on the merits of the arguments the question is thrown open to the house. Herein the timid speaker finds his opportunity, and many a promising orator has been developed thereby. From the successful candidates at these debates is selected the team for the public debates.

6. The Regis Dramatic Society aims at a two-fold object the entertainment of the student body and faculty by the frequent presentation of refined short plays, and the practical training of its members in dramatic expression.

7. The Glee Club, to which all students with the proper qualifications are eligible. About two hours a week are devoted to practice—to vocal culture, the study of theory and correct interpretation. Frequent public and semi-public entertainments give the members ample opportunity to manifest their ability and improvement.

8. The Orchestra affords all those capable an opportunity of "ensemble" playing. The work of the Orchestra is sufficiently heavy, since they are called upon to display their art at practically every social gathering and academic function of the school.

9. The Choir is composed of the more capable members of the Glee Club. They are expected to do their part toward making all chapel exercises devoutly agreeable. The members meet twice a week for rehearsal of Masses and Hymns appropriate for the sacred ceremonies.

10. The Alumni Association. To membership in this organization any former student at present in good moral standing is eligible.

11. The Brown and Gold is a four-page semi-monthly publication of the student body. Its staff is chosen by competitive trials of those best suited for newspaper writing. Its columns are likewise open to all other students as well as to the members of the Alumni Association. Thus the paper not only chronicles current student activities, but serves as an alumni organ as well.

12. The Regis Unit, Catholic Students Mission Crusade, seeks to encourage among Regis Collegians interest in the welfare of Catholic Missions at home and abroad.

13. The Greater Regis Association. The Regis Athletic Association of Colorado, which was established in 1925, became a part of an association of broader endeavor in 1928 when The Greater Regis Association was organized to assist the College in endowment, student aid, library, laymen's retreats, athletics.

14. The Scribblers' Club, organized in February of 1926, is composed of Collegians who undertake to supply "copy" concerning Regis activities to out-of-town newspapers.

15. The Study Club is a volunteer organization open to the members of the Senior, Junior, and Sophomore classes. Its purpose is to study and discuss some problem which is prominent in the civic or religious life of the nation. The club meets every alternate week and is presided over by a member of the faculty.

16. The Lambda Tau Club. The purpose of this club, organized in the fall of 1926, is to promote campus activities at Regis and also to afford a unit ready to support all collegiate enterprises.

17. The Delta Sigma Commerce and Finance Club is composed of Commerce and Finance students who have passed the first semester examinations satisfactorily in their freshman year and have maintained a degree of excellence in their studies. Its purpose is to provide social entertainment for its members and to foster a deeper study of current business problems. The club meets once a month and conducts a program of semi-monthly talks on live business topics by prominent leaders in the commercial world. The club was organized in the fall of 1926.

18. The "R" Club. At the end of the 1926 football season, the R Club was organized and membership opened to all Regis College letter-men. The club seeks to promote a spirit of fellowship among its members, to advance all forms of athletics at Regis and to maintain a high standard of clean sportsmanship.

19. The Band. The Regis Band was successfully reorganized in September, 1927.

20. The Student Council. The Student Council was established in 1928 to strengthen the union among the students of the different classes, to facilitate the promotion of student activities and to stimulate interest in student enterprises.

Numbers in () represent class standing, as follows: (1), Freshman year; (2), Sophomore; (3), Junior; (4), Senior; (5), Graduate; (S), Special; (SC), Short Course.

AWARDS OF MEDALS AND PRIZES, 1928

AWARDS OF MEDALS

1928

The Campion Medal

For the Best Essay in College Physics was won by John J. Stanko

Next in merit: Edward J. McCabe

Founder of Medal: Mr. John F. Campion, Denver, Colorado

The Anne R. Crean Memorial Medal

For the Best Original Poem was not awarded

Founder of Medal: Mrs. Blanche Crean Carolan, Pittsburgh, Pennsylvania

The Knights of Columbus Elocution Prize

For Excellence in Elocution was won by James D. Doyle

Next in merit: J. Austin Trolan

Donor of Prize: Knights of Columbus, Council Number 539, Denver, Colorado

The Monaghan Medal

For the Best Paper on Evidences of Religion was won by Thomas H. Batt

Founder of Medal: Dr. Daniel G. Monaghan, Denver, Colorado

The Right Reverend David T. O'Dwyer Medal

For the Best Essay on some subject connected with the Constitutional History of the United States was won by Maurice I. Goldberg

Next in merit: J. Fred Schmelzer

Founder of Medal: Right Reverend David T. O'Dwyer, Washington, D. C.

The Bishop Tihen Medal

For Excellence in Oratorical Composition and Delivery was won by Thomas A. Doran

Donor of Medal: His Lordship, The Right Reverend J. Henry Tihen, D.D., Bishop of Denver

The J. Richard Stanko Memorial Medal

For the Best Oration on Catholic Education was won by Robert A. Neary

Donor of Medal: Mr. Joseph A. Stanko, Pueblo, Colorado

The Sullivan Medal

For the Best English Essay was not awarded

Founded by the late Mr. Dennis Sullivan, Denver, Colorado

The Mary J. Ryan Memorial Medal

For the Best Work Done in the Class of Accounting was won by George Torres

Next in merit: Edmund J. Hill

Donated in Memory of Mrs. Mary J. Ryan, Denver, Colorado

HONOR STUDENTS-1928

First Honors are merited by those students whose average for the year is not less than 90 per cent. Second Honors, by those whose average does not fall below 85 per cent.

First Honors

Bancroft, John McCarthy, John Neary, Robert O'Connor, Edward Stanko, John

Second Honors

Abreu, John Batt, Thomas Berberich, Edouard Berger, John Bradasich, Anthony Connelly, Joseph Doran, Thomas Garvey, Vincent Hagan, John Haley, Aloysius Judge, Gene Kirley, Joseph Landauer, Franklin Lombardi, Dominic Lyons, John Maguire, Adrian Maguire, John Mantey, Lawrence Mariotti, Leo Rabtoay, Leo Schmelzer, John Secrest, Richard Sherman, Leon Will, Evard Wobido, Leo Zarlengo, Albert

Zarlengo, Henry

DEGREES CONFERRED

June 10, 1928

Doctor of Laws

Brother August (honoris causa) J. Grattan O'Bryan, A.B., LL.B. (honoris causa)

Bachelor of Arts

Thomas Harold Batt (magna cum laude) John Vincent Berger (magna cum laude) John Francis McCarthy (magna cum laude) Robert Allen Neary (magna cum laude)

Bachelor of Science in Commerce

John G. Abreu (magna cum laude) Joseph Vincent Connelly (magna cum laude) Charles Vincent Elliott (cum laude) Dominic Thomas Lombardi, Ph.B. (cum laude) Harold Edward McCain (cum laude) Edward Joseph O'Connor (magna cum laude) Leo James Rabtoay (cum laude)

Bachelor of Philosophy

Vincent de Paul Garvey (magna cum laude) Leo Frederick Mariotti (cum laude) Cornelius Murphy (cum laude) William John Murphy (cum laude) Leo Philip Wobido (cum laude)

ACKNOWLEDGMENTS

Grateful acknowledgment is made to:

1. The Regis Guild for many costly chapel furnishings.

2. The following who have made donations for the Queen of Martyrs' Chapel:

L. I. Schott and family, a gold chalice;

Class of 1928, \$55.00 on the class pledge.

3. Donors to the library:

Mrs. Katherine C. Black, of Pueblo, \$175.00 to complete the Bollandist series;

Mrs. M. A. Stall, a valuable painting;

Mr. W. J. Lloyd, 120 volumes;

The Denver Public Library, 120 volumes;

Mr. Stanley Maginnis, 10 volumes;

Dr. Chas. A. Lory, President of the Colorado Agricultural College, 2 volumes;

Librarian of the University of Colorado, 10 volumes;

Librarian of the Colorado College, 2 volumes;

Allyn & Bacon;

F. M. Ambrose & Co.;

Bureau of Mines, Colorado;
