***"We cannot give up in the face of evil. God is Love and he has defeated evil through Christ's death and resurrection."*** Pope Francis

On Sunday, April 21, 2019, Christians around the world celebrate the great feast of Easter in which they contemplate the mystery and meaning of the resurrection of Jesus. In these particularly chaotic and violent days of planet earth, the story of the life, passion, death, and resurrection of Jesus is more crucial than ever.

For the many who suffer because of the various dark powers of the world, for those who despair in the face of their own brokenness, for believers who struggle with presence of evil in their midst, this story of Jesus's triumph over death and sin gives hope in the face of brute forces, deep loss, and division.

May these holy spring days deepen your faith and strengthen your belief in the transformation of the world through the insurmountable power of self-sacrificing love. May you have a truly joyous and blessed Easter.

The following are offered at Regis University Chapel for your Holy Week prayer:
