REGIS UNIVERSITY | DENVER, COLORADO

**A Letter from the Board of Trustees
October 10th, 2019**

Dear Regis University Faculty and Staff Community,

Please be assured that each of you, our core business and our mission continue to be foremost in the hearts and minds of the Board of Trustees for Regis University. We convened the last week of September and our overarching themes and focus were related to the methodical and systemic recovery of the university's systems and network.

Despite limited technology and because of your outstanding dedication to Regis University, we have prevailed in the face of adversity. Your spirit of collaboration, establishing workarounds and finding new ways of working were highlighted to the Trustees time and time again over the course of our committee and plenary meetings. This reinforced beautifully what truly distinguishes Regis University – you!

On behalf of the Trustees and certainly for my own part, thank you! It may have taken one threat actor to get us here, but it takes everyday heroes – with special acknowledgement to our IT and MarCom teams – to survive and to thrive.

In gratitude and formal recognition, the Board of Trustees on September 26, 2019, approved the following resolution:

Be it resolved that the Board of Trustees wishes to express its deepest gratitude and sense of pride in the work of the Regis University Community to overcome the recent cyber attack.

You have demonstrated your deep and unwavering commitment to Regis University, our Jesuit Catholic mission, care for our students and care for each other.

Our darkest hour is proving, in many ways, to be Regis University's finest hour. Nonetheless, please be assured that the Board of Trustees clearly recognizes the hardship, inconvenience and fatigue that you have endured individually and together as a result of the cyber attack. We will keep you and Regis University in our hearts, our thoughts and our prayers.

With sincerest gratitude,

Robert B. Engel
